Product Guide

Edition 5

Welcome to our Product Guide

Thank you for picking up our new handy, dashboard sized product guide. It may be smaller in size than our previous guides but it's packed full with more products than ever before!

We know that our customers need the latest products and brands, so we make it our mission to update our product lines regularly, so we can offer exactly what you need from over 1,000 of the biggest brands.

Established in 1923, we have been owned by the same family for four generations and we are proud of the reputation we have gained within our industry for providing exceptional customer service.

We've been offering a broad selection of quality branded electrical products for over 100 years and we have an extensive knowledge of every product we sell, so you can trust us to meet your needs without sacrificing quality for excellent value.

After the 2018 opening of our Pwllheli Branch, we now have a network of 13 branches throughout the North of England and Wales, supported by bulk storage facilities in Ashton and Anglesey.

Supplying over 20,000 products to the trade and public, we maintain close working relationships with every customer. Whether it's over the counter or on the phone, we strive to give our customers the very best advice, and prices, every single day.

We can help with FREE project design such as:

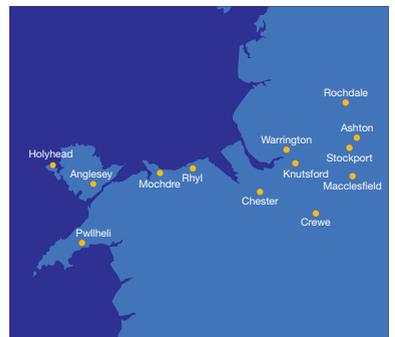

- Energy Metering and Monitoring
- Fire Alarm and Emergency Lighting schemes
- Lamp and Lighting Designs

We are able to offer technical detail on our range of products and together with suppliers we can help design and support projects, offering the most effective and efficient solutions.

Our invoicing options can also bring value to your business and help reduce your administration costs.

- 13 branches
- Same day delivery (on all stocked items)
- Guaranteed stock
- Knowledgeable and experienced staff
- Excellent value and choice
- Great deals, every day
- Trade accounts

- Find your nearest T.N. Robinson branch

T.N. Robinson Ltd.

A history built on service,
value and trust

The range

Hybrid Inverter

Single Hybrid Inverter power either 3.6KW to 6KW

Modular Battery

Single Modular Batteries, from 5.12KW up to 35.84KW peak storage

All-in-One System

Add as many as 7 battery modules

Smart Network Dongle

Dongle is attached to the Hybrid inverter for Wi-Fi connection function

Solar Power Diverter

Power Diverter provides solar energy directly to home heating systems

Installation and Commissioning

Requirements:

- **Mounting:** 2 Mounting Options for Home Users to choose from
- **Electrical wiring:** How to wire and connect all items required
- **Commissioning:** Ensure everything is connected and working correctly
- **App set up:** Connect to your new system
- **App hand over:** Hand over the new system on the App to Customer Account

Sync Energy App

Whole Home Connectivity

The Sync Energy App brings your entire home energy system into one intuitive App, giving you full control over how and when you use power whether from your solar panels or the grid.

Whether you're storing solar energy, managing your EV charging, or directing excess solar generated to heat your water, the app makes it easy to take charge of your energy use, all from your smartphone.

With Sync Energy, there's no need for multiple third-party apps, everything is fully integrated into one simple, smart solution

Sync Energy | LiFePO4 Batteries

5.12kWh
per Battery module

6000+
Life Cycles

90% DoD
for longer lifespan

IP65
Weatherproof Rating

10 year
Warranty

Designed for
Expansion Anytime

Long Lifespan

Sync Energy Flow batteries last for 6000+ cycles, translating to well over a decade of daily use with minimal capacity loss, making them a smarter, more sustainable investment.

Fire Suppression Technology

Non-toxic and thermally stable, Sync Energy Flow batteries resist overheating and are inherently fire-resistant, even under stress or high temperatures, with fire suppression built in for added peace of mind.

High Depth of Discharge

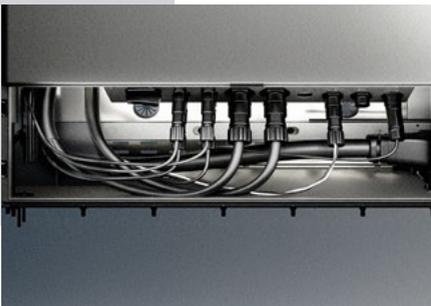

With a high Depth of Discharge (DoD) of up to 90%, you get more usable energy per charge without compromising battery health.

Efficient Operation

With integrated heating control to ensure the batteries deliver consistent voltage and performance across its cycle life, tested in temperatures between -20 and 60 degrees, ensuring smooth energy delivery.

Eco-conscious Choice

Free from cobalt and heavy metals, LiFePO4 is the environmentally responsible choice in modern energy storage.

Battery Storage

Hybrid Inverter +
Modular Battery
Storage

Scalable & Flexible

Faster Installation

Optimised for smarter
Energy Use

Installation Features

Plug and Play Battery Connections

Designed for speed and simplicity, our plug-and-play battery connectors allow each module to link seamlessly, no complex wiring or configuration required.

Whether stacking multiple units or expanding your system over time, installation is hassle-free.

Easy Access Wiring Area

A hinged access door reveals a dedicated space for PV isolators and power connections.

With generous working room and thoughtful layout, it's designed to support a neat, professional finish, keeping all wiring discreetly hidden from view once installation is complete. Looks clean, aligned, and professionally finished.

Adjustable Mounting Base

The mounting base features four adjustable feet, making it easy to achieve a perfectly level installation, even on uneven floors.

Designed to ensure every installation looks clean, aligned, and professionally finished.

Our Smallest EV Charger

Our Smallest EV Charger

Ultra-Slim, Discreet Design

At just 37mm when recessed, Link gives you a clean, architectural finish without compromise on function or performance.

Two-Part Design, Flexible Placement

With up to 50m between outlet and control box, Link lets you position the outlet exactly where you need it, while keeping the control unit hidden out of sight.

Retrofittable & Easy to Install

Whether surface-mounted or recessed, Link is designed to be simple to fit. Retrofit-ready with no specialist tools required.

Versatile Options

Choose between recessed or surface-mounted, metal or plastic control box to suit your project's needs.

Advanced Protection as Standard

The metal control box includes a 40A MCB, Type 2 SPD, 30mA Type A RCD and 6mA DC protection, while the plastic control box comes with 30mA Type A RCD and 6mA DC protection, delivering safety, compliance, and peace of mind on every install.

Smart Control

Easily manage charging via the Sync Energy app with OCPP 1.6J connectivity.

Our Smallest EV Charger

sync^{energy} | LINK

Say goodbye to bulky, obtrusive EV chargers

Link is a wall-integrated EV charging solution that combines sleek, architectural design with robust, reliable performance.

At just 37mm when recessed, Link delivers an ultra-slim profile without compromising on power or protection. Whether surface-mounted or recessed, installation is quick and retrofit-friendly with no specialist tools required.

PATENT APPROVED	7.4kW	TYPE 2	SOLAR CHARGING	TARIFF SENSE	IP65 RATING	IK10 RATING	GREY ALUMINIUM RAL9007	3 YEAR WARRANTY
-----------------	-------	--------	----------------	--------------	-------------	-------------	------------------------	-----------------

MAIN FEATURES:

- Ultra-Slim 37mm profile
- 7.4kW type 2 socketed output
- Patented design for compact socket outlet and separated control box
- Suitable for new build properties or retrofit
- Easy to install
- Integrated open PEN conductor protection, no earth rod required
- Remote monitoring and control via Sync Energy app
- OCPP 1.6J connectivity, free lifetime over-the-air updates
- Auto solar charge
- Tariff sense energy management feature
- Models available with Wi-Fi/ LAN/4G+RFID
- IP65 rated for outdoor use
- IK10 rated
- 3 year warranty

ZAPPI EV CHARGER UNTETHERED

Zappi is an EV charger with a difference. Not only does it operate as a traditional EV charger, it can also charge your EV using 100% FREE energy generated from your Solar PV or wind generation.

Here's the SMART bit. zappi can charge for FREE using your PV during the day and be set to charge at the most economical times at night if you have preferred economy rates from your energy provider. All controllable by the myenergi APP.

- Built-in hub
- Ethernet
- WiFi
- Programmable timer function
- Dynamic load balancing for maximum installation flexibility
- Charge and event logging
- Pin-code lock function
- Tap operated display backlight
- Built-in RCD protection
- Integral cable holster
- Remote control and monitoring add-on option
- Supplied with clip-on grid current sensor
- 3x charging modes: eco, eco+ and fast
- Optimises microgeneration self-consumption
- Economy tariff sensing
- 18th edition ready
- Multiphase 7 + 22kW
- 3 year warranty

If you don't have a PV system, zappi can still operate like an ordinary EV charging station importing from the grid. You can always add your solar/wind system later.

ZAPPI - 2H22TB-G

eco-smart EV 3Ph Type 2 Untethered Charger 7 & 22kW 32A 400V 439x282x122mm Black

DUAL & SINGLE PEDESTAL

The myenergi pedestal is the perfect solution for mounting up to 2 zappi's back-to-back, in isolation away from the main building, such as on longer driveways, carparks or in public spaces.

Our pedestal is light in weight for easy carrying and transportation, though strong as an ox when fixed into place.

- Corrosion Resistant
- Suitable for 1 or 2 zappis
- Fixing screws included
- Epoxy Powder Coated Screen Printed Logo
- Integral Base Plate for Ground Mounting
- Subtle & Sleek Design
- Easy to transport
- Slim line
- 12 months warranty

Technical Data:

Weight: 8.3kg

Material: Aluminium

Corrosion Protection: Powder Coated

Colour: RAL 9005 (Black)

ZAPPI-PEDESTAL-1

280x150x1310mm Black RAL 9005

HUB

Providing internet connection to your other myenergi devices making them 'smart'.

The hub and app work together to remotely control and monitor your products from anywhere in the world! The hub also allows you to carry out firmware updates to keep your myenergi products equipped with all the latest features in this rapidly evolving industry.

Comms Hub (Updates & App)

HARVI-65A3PR

The harvi wireless energy monitor is a versatile energy harvesting sensor that helps streamline your energy management with myenergi's products, like zappi and eddi. This compact, battery-free device gathers essential data on your home's or commercial property's energy generation and consumption, ensuring a fully wireless setup that eliminates the need for hardwired connections.

Through its intelligent wireless energy harvesting, harvi supports remote monitoring and real-time insights into energy usage, helping users make the most of their self-generated solar or renewable power. Its straightforward installation makes harvi an ideal choice for those looking to simplify energy tracking, control, and cost-saving

Energy Harvesting Wireless Sensor 98x98x36mm

EDDI

Designed to save money and save energy, eddi is the market's leading solar power diverter. Rather than exporting surplus electricity back to the grid in periods of high generation and low demand, eddi redirects renewable energy to your immersion heater, storage heater, underfloor heating or electric heater.

By doing so, eddi helps to make the most of 100% clean, green, renewable power from solar or wind generation, automatically sending energy to where it's needed most.

eddi - power: 1-phase / 3-phase

PLUG-IN MOTION SENSOR

The Kosnic Microwave Sensor is a simple energy-saving solution that uses light only when and where you need it. The sensor has an adjustable sensitivity setting for use in that will detect motion and stay illuminated for the duration of the hold time after motion ends. The product also has a built-in light sensor.

- Optional corridor function
- PWM (5V DC) control output
- Powered by low voltage 12V DC
- Mounting height up to 6m
- Super compact design
- Sensor setting with DIP switch
- Easy install on a wide range of Kosnic products including selected integrated bulkheads and linear luminaires
- Compatible with the universal remote for additional settings

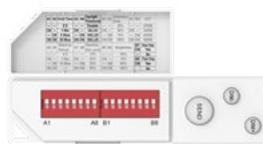

RMW-DC Plug in microwave motion and daylight sensor 12V DC

UNIVERSAL REMOTE CONTROL

The convenient Universal Remote Control is small, compact and has multiple settings including dusk to dawn and corridor function. With dip-switches, an easy to use product that can be used with for multiple Kosnic motion sensors, bulkheads, non-corrosive battens and highbays. It also has detection range of 16 meters.

- ON/OFF/Dimming control
- All in one, one for all remote
- Integrated dimming controls
- Compact size
- 16m range

RMT-UNI Universal Remote Control for Kosnic motion sensors

SKYTILE BASE TP(A) / UGR - - LED COMMERCIAL LIGHTING

- Up to 125 LpcW
- 3CCT 3000/4000/5700K selectable
- 8 pole loop in/loop out double hinged driver with permanent live and earth for continuous wiring
- Flicker free non dimmable driver as standard
- Meets TP(a) requirements, suitable for all applications
- UGR options designed to comply with BS EN 12464-1 lighting of workspace
- Available in low, standard and high output options to suit various applications
- High output option over 5100 lumens, suitable for applications with higher ceilings or areas that require greater light levels
- DALI/1-10V/Switch dim or DSI options
- Emergency remote pack options available

JC080218 600x600mm 30W IP40 CCT 3000/4000/5700K TP(a)

SKYTILE SURFACE MOUNT BOX - - LED COMMERCIAL LIGHTING

- Up to 125 LpcW
- 3CCT 3000/4000/5700K selectable

JC71262 Skytile Surface Mount Tray 600 x 600mm

SKYTILE SUSPENSION KIT

- Supplied with 1.5m suspension cable
- Collar locking mechanism to adjust mounting heights
- For both ceiling and cable tray mounting

JC080050 4 wire 1.5m Suspension Kit (for use with Skytile Base panels only)

RADIALED RAPID PRO 8/12W | 3000K/4000K/5700K

- Wattage selectable, 8W - 880 lumens / 12W - 1300 lumens
- Colour selectable, 3000K/4000K/5700K
- Unique, clip in tool-less LED gear tray design
- Four side 20mm conduit entry points
- Cross range compatible plug & play emergency, microwave and photocell modules. For use with RadiaLED® Rapid Pro and RadiaLED® Rapid Pro Slim
- Up to 110 lpcW

LED FILAMENT STRING LIGHT KIT

IP65

Outdoor String Lights LED, Heavy Duty Commercial Grade IP65 Waterproof String Lights.

- **PERFECT DESIGN:** Designed with end-to-end connections, you can connect 40 strands at most to cover a large area.
- **HEAVY DUTY BLACK WIRE WEATHERPROOF LIGHT STRING:** Being made of brass triple core wire and heat-resistant insulating durable rubber, and its working temperature is from -20°C-40°C and IP65 water proof. High quality PVC encapsulated sockets with brass terminals is long lifespan. The bulb sockets are in series connection.
- **ENERGY-SAVING & LONG LIFESPAN LED BULB:** LED filament bulb, energy-saving and environmental protection, long service life is up to 25,000-30,000 hours which means it is seldom replaced and cost saving.
- **WIDE APPLICATION:** It can be decorated in different scenes including birthday party wedding function, open bar, Christmas party, park, farm, entertainment venues etc.

THE LIGHTS ARE SUITABLE TO BE USED IN:

- Backyard
- Swimming Pool
- Gazebo
- Wedding
- Pergola
- Bistro
- Patio
- Deck

- T471** 1W FILAMENT BULB COMPATIBLE WITH T471 KIT
T447 Outdoor String Lights LED, 48ft Heavy Duty Commercial Grade IP65 Waterproof String Lights, 15 E27 Sockets, 15 LED Bulbs (2W Warm White)
T454 LED Filament Bulb String Light Kit 10.2 meters inc 10x2W Filament LED Lamps

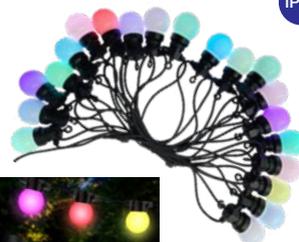

13 METRES RGB STRING LIGHT KIT WITH 20 RGB BULBS IR REMOTE AND UK ADAPTER

IP65

ENER-J's 10+3 Metres Festoon Lights Outdoor, Hanging or Affixing 13 metres 20 Bulbs String Lights with IR remote, Plug & Play Power Supply, Shatterproof Fairy Lights for Gazebo Garden Party Wedding Café Décor (Multicolor)

- **Create an unbelievable ambience:** Our RGB outdoor garden lights create vivid lighting, mesmerizing yourself, your family, and your guests. Enjoy romantic evenings, parties, and family gatherings in a stylish, smartly lit environment.
- **12 Colour Changing & 366 Modes & Dimmable:** You can easily use the remote control to turn on/off the pergola lights. Changing the 366 lighting modes and adjusting the flashing speed.
- **Shatterproof:** With a heavy-duty plastic lampshade, led patio lights provide durability and safety. A tough plastic shell protects bulbs from falls, knocks, and accidents, providing a safe, lasting outdoor lighting solution.
- **IP65 Rated** - Suitable for Indoor and Outdoor. (The plug is not IP Rated)
- **Convenient Design:** 3-meter space between the plug that goes into the socket and the first lamp

PLL1W/PIR 100W White Coach Lantern with PIR 4000K 380lm

Contact your local TNR branch manager for a **Comprehensive Energy Site Survey**

You can benefit from big savings on your energy consumption both in the home and business through our tailored solutions. We can help you achieve up to 60% energy savings on lighting alone!

Our surveys pinpoint where savings are available. We assess your energy usage based on your currently installed products and use further site information such as room sizes, required lux or heat levels, hours of usage etc. to design an appropriate scheme and to offer simple to understand payback calculations. Efficient technologies consume less energy and often result in a more comfortable working/learning environment, as well as lower energy bills, and can reduce both short and long term maintenance over the lifetime of the product.

Fluorescent

UP TO 60% ENERGY SAVING!

- Save money and prolong the life of your appliances
- Reduce your carbon footprint and energy bills

LEDX WIDE ANGLE PIR FLOODLIGHTS

TIMEGUARD HAVE COMBINED THEIR LEDX AND COASTAL RANGES INTO A NEW RUST RESISTANT RANGE

FEATURES:

- LEDX II Floodlight built with high corrosion resistance (C4), making it ideal for use in industrial and coastal areas with moderate salt exposure
- Optical Grade Plastic Lens, making it suitable for specialist areas such as food prep areas
- Polycarbonate body and reflector
- Longlife - up to 30,000 hours for low maintenance
- Easy to install with a rust-resistant 316 stainless steel quick fix U-bracket and screws, helping prevent corrosion and wall staining
- Features two captive retaining screws, allowing faster installation by securing the junction box without needing additional fixings
- Plug & Play compatibility with LEDPROSL2B PIR and Photocell Module
- 3 Year warranty

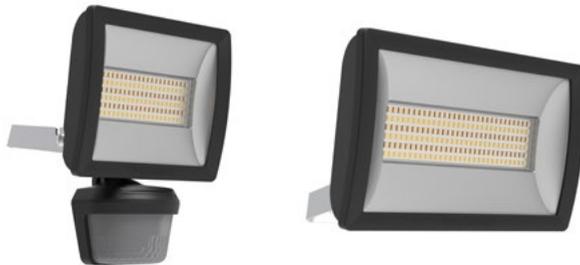

DESCRIPTION:

LEDX 10W CCT3 IP65 Wide Beam Coastal Floodlight Black, suitable for industrial and coastal areas with moderate salinity.

** Insert 'BN' (Black Nickel), 'SC' (Satin Chrome) or 'CH' (Polished Chrome) to specify required finish.

INGOT EXPLAINED

An Ingot switch or outlet uses a metal finished switch fascia, rather than the standard white plastic more commonly used.

DECO & DEFINE BLACK NICKEL RANGES ARE ONLY AVAILABLE WITH BLACK SWITCHES AND INSERTS

SWITCH COLOUR OPTIONS

Applies to DECO Satin Chrome & Polished Chrome ranges only

Choose from either white or black switches by adding 'BK' or 'WH' to the end of the product code.

BLACK. Add 'BK' to the end of the product code. E.g: **VPCH422BK**

WHITE. Add 'WH' to the end of the product code. E.g: **VPCH422WH**

INSERT COLOUR OPTIONS

Applies to DECO Satin Chrome & Polished Chrome, and DEFINE Brushed Stainless & Chrome only

You can choose to have black or white switch inserts with your chosen finish.

BLACK. Add 'BK' to the end of the product code. Eg: **VPCH536BK**

WHITE. Add 'WH' to the end of the product code. Eg: **VPCH536WH**

IN HOUSE LASER ETCHING
Our in house laser printer provides flexibility to suit large volume batch or custom jobs. The precision, permanent, fine marking effect is customisable, offering you and your customers a wider variety of options.

The GM2018 modules listed are available with the following laser etched legends:

-BL	Boiler
-CH	Cooker Hood
-DW	Dishwasher
-FD	Fridge
-FF	Fridge Freezer
-FN	Fan
-FZ	Freezer
-HB	Hob
-HT	Hot Tap
-MW	Microwave
-OV	Oven
-TD	Tumble Dryer
-WC	Wine Cooler
-WD	Waste Disposal
-WDR	Warming Drawer
-WH	Water Heater
-WM	Washing Machine

Suffix the two letters to complete the product code with legend eg. GM2018PWCH-WM.

GRIDPRO

IN HOUSE LASER ETCHING

Our in house laser printer provides flexibility to suit large volume batch or custom jobs. The precision, permanent, fine marking effect is customisable, offering you and your customers a wider variety of options.

The GM2018 modules listed are available with the following laser etched legends:

-BL	Boiler
-CH	Cooker Hood
-DW	Dishwasher
-FD	Fridge
-FF	Fridge Freezer
-FN	Fan
-FZ	Freezer
-HB	Hob
-HT	Hot Tap
-MW	Microwave
-OV	Oven
-TD	Tumble Dryer
-WC	Wine Cooler
-WD	Waste Disposal
-WDR	Warming Drawer
-WH	Water Heater
-WM	Washing Machine

Suffix the two letters to complete the product code with legend eg. GM2018PWCH-WM.

Contact your local TNR branch manager for a **Comprehensive Energy Site Survey**

You can benefit from big savings on your energy consumption both in the home and business through our tailored solutions. We can help you achieve up to 60% energy savings on lighting alone!

Our surveys pinpoint where savings are available. We assess your energy usage based on your currently installed products and use further site information such as room sizes, required lux or heat levels, hours of usage etc. to design an appropriate scheme and to offer simple to understand payback calculations. Efficient technologies consume less energy and often result in a more comfortable working/learning environment, as well as lower energy bills, and can reduce both short and long term maintenance over the lifetime of the product.

- Save money and prolong the life of your appliances
- Reduce your carbon footprint and energy bills

1 CHANNEL SMART TUYA WIFI KINETIC SWITCH RECEIVER – WHITE

The Tuya 1 Channel Wi-Fi Kinetic Receiver in White allows you to connect your lighting to your smart home app, providing greater control over your lights. It installs easily in the ceiling cap with minimal wiring, making it an ideal solution for renters who want to modernize their lighting controls. You can control your lights directly from your phone for added convenience.

- IP20
- Non Dimmable
- Ideal for small spaces

CUL-40039 1 Channel Smart Tuya Wifi Kinetic Switch Receiver – White

KINETIC 1 CHANNEL SMART TUYA WIFI KINETIC DIMMABLE RECEIVER – WHITE

Enhance your lighting control with the Tuya 1 Channel Dimmer Wi-Fi Kinetic Receiver in White. This Wi-Fi-enabled device lets you effortlessly adjust the lighting mood of your room remotely, without needing to move. Installed into the ceiling cap of your light fitting, it maintains the aesthetic of your space. The receiver is compatible with leading smart home apps and works with dimmable light fittings, all while offering a sleek, minimal white finish.

MASTERSEAL PLUS RANGE

MK MASTERSEAL PLUS RANGE - THRIVES IN THE TOUGHEST CONDITIONS

Masterseal Plus™ has been specifically developed for use in both outdoor and indoor environments, and where wiring devices and accessories would be at risk from penetration by dust or water.

- **Robust Construction and Temperature Tolerant**
Masterseal Plus™ will not discolour, crack or fade in UV light (unlike many other plastics), and will maintain operation in extremes of heat and cold.

**20 YEAR
GUARANTEE
ON WHOLE
RANGE!**

- Seals around virtually any standard 13A plug
- BS 1363: Pt2: 1995

MK56481

13A 2 Gang Unswitched Socket Outlet

2 GANG DP SWITCHED SOCKET OUTLET

IP66

- Supplied with multiple knock-out mounting box
- Seals around virtually any standard 13A plug
- BS 1363: Pt2: 1995

MK56482

13A 2 Gang DP Switched Socket Outlet

**20 YEAR
GUARANTEE
ON WHOLE
RANGE!**

RCD 2 GANG DP SWITCHED SOCKET

IP66

- Supplied with multiple knock-out mounting box
- Seals around virtually any standard 13A plug
- Suitable for supply voltage of 240V a.c.

MK56231

13A RCD 2 Gang DP Switched Socket

RCD 1 GANG DP UNSWITCHED SOCKET

IP66

- Supplied with multiple knock-out mounting box
- Seals around virtually any standard 13A plug
- Suitable for supply voltage of 240V a.c.

MK56301

13A RCD 1 Gang DP Unswitched Socket

JUNCTION BOX WITH 4 x 4 WAY TERMINALS

IP66

- Each terminal block accepts four 2.5mm² cables
- BS 6220: 1983

MK56506

30A Junction Box with 4 x Four-Way Terminals

1 GANG FLUSH MOUNTING FRAME

IP66

- Plaster/Tile flush mounting frame with protective cover
- For use with 160 x 117mm products

MK56500

1 Gang Flush Mounting Frame + Cover

UNIVERSAL GAS OR ELECTRIC OVERBOX

- 2mm powder coated aluminium construction
- Overall dimensions 810 x 655 x 100mm
- Full length 316 rust proof stainless steel piano hinge
- No external fixings
- Two budget locks, and internal rag-bolting to the wall, making it cost effective and secure
- Vented for gas boxes
- To fit over maximum size 715 x 560 x 100mm
- Weight - 6kg

OB1 Universal Gas or Electric Overbox with Internal Flange for Fixing

ARCHITRAVE GAS METER OVERBOX

- 2mm powder coated aluminium construction
- Full-length 316 rust proof stainless steel piano hinge
- 2 durable budget locks
- Door vents fitted
- Fixes inside of existing meter box
- Complete with fixings
- Ideal for use when space is limited
- To fit box size 600 x 414 x 70mm
- Air vents in door
- Weight - 4kg

OB8 Gas Overbox - Fixes to Inside of Existing Meter Box

VR640EVSPD 6 Way 100A Switch disconnecter with 40A DP Switch Neutral RCBO+Type 2 Surge Prot

SPLIT LOAD BOARD WITH SURGE PROTECTION DESIGN 10

:hager

- VML910CUSPD** 10 way Configureable HI 100A, Sw 2*100A 30mA RCCB Type A SPD
Dimensions : W 406 x H 246 x D 100mm
- VML914CUSPD** 14 way Configureable HI 100A, Sw 2*100A 30mA RCCB Type A SPD
Dimensions : W 478 x H 246 x D 100mm

REDUCED HEIGHT RCBOs

LESS HEIGHT. MORE SPACE

:hager

Hager's range of 6kA Reduced Height RCBOs from 6-32A will considerably improve installations where multiple RCBOs are installed in a board.

- The new RCBO in reduced height (92mm) is designed to give more space in the consumer unit
- The functional earth has been removed to allow easier installation
- The product comes with the anti-counterfeiting identification

- ADA306G** 1P 6kA B Curve -6A, 30mA 1M Type A
- ADA310G** 1P 6kA B Curve -10A, 30mA 1M Type A
- ADA316G** 1P 6kA B Curve -16A, 30mA 1M Type A
- ADA320G** 1P 6kA B Curve -20A, 30mA 1M Type A
- ADA325G** 1P 6kA B Curve -25A, 30mA 1M Type A
- ADA332G** 1P 6kA B Curve -32A, 30mA 1M Type A

SWITCH DISCONNECTOR INCOMER DESIGN 10

:hager

Enclosures come supplied with a full metal DIN rail, 63A or 100A switch disconnecter incomer and full complement of earth and neutral terminals along with marking labels, busbar and instructions.

- Complies with BS EN 61439-3 Annex ZB

- VML202** 2 Way 63A
- VML206** 6 Way 63A
- VML106** 6 Way 100A
- VML110** 10 Way 100A
- VML114** 14 Way 100A
- VML120** 20 Way 100A
- VML110RK** 10 Way 100A
- VML114RK** 14 Way 100A
- VML120RK** 20 Way 100A

MINIATURE CIRCUIT BREAKERS

:hager

The MTN Miniature Circuit Breakers MCBs detect overcurrents due to both overload and fault currents. The MTN range are Type B breakers, this means they will trip between 3 and 5 time full load current which is suitable for most domestic installations. The MCB will operate and interrupt the supply to prevent damage to the installation.

MULTIPLE CABLE ENTRY REACHING A NEW LEVEL IN CABLE ENTRY

IP66

The TKS 32 is a membrane with 4 entries giving IP66 protection and cable retention for quick and easy installation. Simply push the TKS into the unit, insert cable through the membrane and complete installation. Suitable for 16 or 25 mm tails and 10 or 16 mm earth.

Ideal for both internal and external applications, glow wire tested to 960°C. The flush fitting saves on space, and with no additional locknut you also save on time and money.

TKS32 32mm IP66 Tail Kit insert with strain relief

125A INVICTA 3 TYPE B DISTRIBUTION BOARDS

THE SOLUTION FOR MODERN COMMERCIAL INSTALLATIONS

IP3X

- You can install a meter next to the incoming device. Another option is to install a surge protection device
- Trunking and cable entry facility means there is no need to use paxolin. Cable protection is built into the endplate cable entry
- Transparent IPX2 neutral cover allows for ease of cable installation. Screws fully turned down for easy and fast cabling
- Earth terminal bars are mounted offset to neutral terminal bars and angled towards the installer
- No spacers required to mount boards, cableways or extension boxes. Boxes can be mounted at the top or to either side of the board
- 100A top tap off for simple board extensions or for an additional MCB up to 100A
- Ease of phase indication L1, L2, L3 mouldings show through when the front cover is fitted

ACTI9 ISOBAR P QUICK SMART INSTALLATIONS

Schneider's Isobar distribution boards have come to represent premium levels of performance. Their latest evolution, Isobar P, further enhances this reputation by launching the first plug-on neutral and functional earth RCBO.

Acti9 Isobar P Philosophy

Acti9 Isobar P is a complete range of type tested single and three phase distribution boards for commercial and industrial applications, available in Standard, Split Metered, Meter Ready, Multi-Service and Heavy Duty variants.

Isobar P distribution boards now offer new and unparalleled reliability, protection and simplified installation whilst building on existing market leading Isobar solutions.

- Flexible and upgradeable to adapt to the evolving needs of any installation e.g. phase and neutral switching, DC, 110VAC
- Adaptable to incorporate monitoring, control and communications for asset management and analysis
- Recyclable and recoverable materials with RoHS & REACH compliance
- Exclusive new features as well as the unique Isobar disconnection function
- Enhanced discrimination and cascading performance
- Phase and neutral switching
- 5 Year distribution board warranty
- Wireless energy-sensing
- Plug-on wire-less RCBO
- Visible tripped indication
- Full IP2X internal rating

Quicker and easier to install

Bringing the flexibility of Isobar and the control and communication functionality of Acti9 to provide a comprehensive solution.

Isobar P – the new way to install RCBO connections

- Time saving due to the quick and simple plug-on technology
- Fast and efficient due to absence of functional Neutral and Earth wires to unravel and straighten
- No need to cut, dress or terminate any functional wires

Efficiency for your customers, and theirs!

Isobar P offers connectivity with the wider Acti9 offer, including control and command, flexibility and metering as well as power distribution - providing the efficiency your customers deserve.

- Designed for protection, even in the most demanding environments
- Safety matters most and Acti9 Isobar P gives you, your customers and their installations the highest level of protection available
- Offering unparalleled levels of protection and operational performance
- Connectivity to enable you to monitor, control, optimise and protect the life of your assets

RCBO - FOR C-TYPE AND B-TYPE

- This Acti9 iC60 is a modular residual current breaker with overcurrent protection (RCBO)
- The Ue operational voltage is 150VAC to 230VAC
- The earth leakage protection class is A type with a sensitivity of 30mA. The earth-leakage protection time delay is instantaneous
- The Icn rated short circuit breaking capacity is up to 10000A according IEC 61009-2-2 standard
- Its unique Visitrip indicator reduces intervention time by showing the faulty circuit
- Its Visisafe green strip guarantees the physical opening of the contacts to allow downstream maintenance
- Its fast closing mechanism independent of manual operation improves its service life
- This product is compliant with IEC 61009-1 and IEC 61009-2-2 standard
- It has an electrical endurance going up to 10000 cycles and a mechanical endurance going up to 20000 cycles
- The Ue operational voltage is 150VAC to 230VAC

3000 SERIES OPTICAL SMOKE ALARM

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- More responsive to smouldering fires
- High performance optical sensor
- Easi-fit base
- Fit in Hallways, Landings and Living Rooms
- Add an Ei3000MRF SmartLINK module for wireless interconnection and data extraction
- AudioLINK data extraction technology
- 5 year warranty

Ei3016 Optical Smoke Alarm

3000 SERIES MULTI-SENSOR HEAT & CO ALARM

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- Contains both a Heat and Electrochemical CO sensor - Heat and CO coverage in one alarm
- Heat or CO indicator on alarm head
- Easi-fit base
- Add an Ei3000MRF SmartLINK module for wireless interconnection and data extraction
- AudioLINK data extraction technology
- 5 year warranty

Ei3028 Multi-Sensor Heat and CO Alarm

3000 SERIES HEAT DETECTOR ALARM

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- Responds to heat build-up from large flaming fires
- Heat sensor triggers at 58°C
- Easi-fit base
- Fit in Kitchens and Garages
- Add an Ei3000MRF SmartLINK module for wireless interconnection and data extraction
- AudioLINK data extraction technology
- 5 year warranty

Ei3014 Heat Detector Alarm

3000 SERIES MULTI-SENSOR FIRE ALARM

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- Contains both an Optical and Heat sensor for a total fire response
- Easi-fit base
- Fit in Hallways, Landings, Living Rooms, Dining Rooms & Bedrooms
- Add an Ei3000MRF SmartLINK module for wireless interconnection and data extraction
- AudioLINK data extraction technology
- 5 year warranty

Ei3024 Multi-Sensor Fire Alarm

3000 SERIES CARBON MONOXIDE ALARM

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- Proven Electrochemical CO sensor
- Easi-fit base
- Add an Ei3000MRF SmartLINK module for wireless interconnection and data extraction
- AudioLINK data extraction technology
- 5 year warranty

Ei3018 Carbon Monoxide Alarm

3000 SERIES SMARTLINK MODULE

- Powered from alarm head
- Add to an Ei3000 series alarm to allow for SmartLINK interconnection and data extraction
- Interconnect up to 12 alarms and devices wirelessly
- Full visibility of your connected SmartLINK systems
- Forecast alarm replacements and maintenance
- Transmits, receives and repeats RF specific data
- Unique House Coding feature
- 5 year warranty

Ei3000MRF SmartLINK Module

140 SERIES OPTICAL SMOKE ALARM

- Mains powered alarm
- 9V Alkaline battery back-up
- More responsive to smouldering fires
- Proven optical sensor with insect screen
- Fit in Hallways, Landings and Living Rooms
- 5 year warranty

EI146RC Optical Smoke Alarm

600 SERIES MULTI-SENSOR FIRE ALARM

- Powered by a sealed 10-year lithium battery
- Built-in RadioLINK+ and AudioLINK+ technology
- Built-in dust compensation technology
- Twist on base with an anti-tamper locking option
- Grade F1 and compliant with Scottish legislation
- Kitemarked to BS EN 14604:2005 and BS 5446-2:2003
- Easy to use, large test button

EI660IRF Multi-Sensor Fire Alarm

600 SERIES MULTI-SENSOR FIRE ALARM

- Powered by a sealed 10-year lithium battery
- Built-in RadioLINK+ and AudioLINK+ technology
- Built-in dust compensation technology
- Twist on base with an anti-tamper locking option
- Grade F1 and kitemarked to BS EN14604:2005 and BS5446-2:2003
- Easy to use, large test button

EI660I Multi-Sensor Fire Alarm

600 SERIES BATTERY OPTICAL ALARM

- Optical sensor with dust compensation technology
- Built-in AudioLINK+
- Uses built-in RadioLINK+ technology to interconnect and for data extraction
- Connects wirelessly with all other Aico wireless interconnection products
- Battery powered with a sealed-in lithium battery
- Easy to fit – twist on base and multi-fixings with an anti-tamper locking option
- 10-year life
- Grade F1 and compliant with Scottish legislation
- Kitemarked to BS EN 14604:2005

EI650IRF Battery Optical Alarm

600 SERIES BATTERY OPTICAL ALARM

- Powered by a sealed 10-year lithium battery
- Built-in dust compensation technology
- Built-in AudioLINK+ technology
- Twist on base with an anti-tamper locking option
- Easy to fit with twist on base, multi-fixings and anti-tamper locking option
- Easy to use, large test button
- Grade F1 and Kitemarked to BS EN 14604:2005

EI650I Battery Optical Alarm

600 SERIES BATTERY HEAT ALARM

- Heat sensor – responds to heat build-up from large flaming fires (triggers at 58°C)
- 10 year lithium battery powered
- Large test button and twist on base with an anti-tamper locking option
- RadioLINK+ wireless interconnection
- Grade F1 and compliant with Scottish legislation
- Kitemarked to BS 5446-2:2003
- 5 year guarantee

EI630IRF Battery Heat Alarm

3000 SERIES MULTI-SENSOR FIRE AND CARBON MONOXIDE ALARM

- Containing our proven Thermistor Heat Sensor, Optical Sensor and Electrochemical CO Sensor to provide the ultimate response, working independently and together
- Offering visual indicators that trigger according to which alarm is activated
- Built-in intelligent dust compensation technology eliminating the risk of nuisance alarms from contamination
- Built-in AudioLINK+ technology
- Mains powered with 10-year rechargeable lithium cell back-up
- Grade D1 and compliant with Scottish legislation
- Kitemarked to BS EN14604:2005 & BS5446-2:2003 and BS 50291 – 1:2018
- 10 Year Guarantee
- Supplied with an easi-fit base *When purchased as part of the eco-fit range, this product does not include easi-fit bases, screw packs or dust covers

Ei3030 Multi-Sensor Fire and Carbon Monoxide Alarm

200 SERIES BATTERY CARBON MONOXIDE ALARM

- Battery powered by a sealed in lithium cell
- Built-in AudioLINK+ data extraction technology
- 10-year life
- Easy to fit twist on base and multi-fixings
- Proven electrochemical sensor
- Connects wirelessly with all other Aico wireless interconnection products
- Built in RadioLINK+ interconnection and features

Ei208WRF Battery Carbon Monoxide Alarm

HEAT ALARM

- Heat sensor – responds to heat build-up from large flaming fires (triggers at 58°C)
- Mains powered with 9V Alkaline battery back-up
- Easi-fit base for quick and simple installation
- Grade D2 and compliant with Scottish legislation
- Kitemarked to BS 5446-2:2003
- 5 year guarantee

Ei144e Heat Alarm

100 SERIES HARD WIRED SWITCHED INPUT MODULE

This module triggers the alarms in a system if an external device is activated, such as a sprinkler system.

- Mains powered with a rechargeable lithium cell back-up
- Connects with the alarm system through a hard wire interconnect
- Compatible with the 3000, Ei2110e Multi-Sensor Fire Alarm, 160e Series alarms and the 140e Series

Ei129 Hard Wired Switched Input Module

100 SERIES HARD WIRED RELAY MODULE WITH BATTERY BACK UP

- Rechargeable Lithium battery back-up
- Volt free contacts as supplied for multiple use
- Can be configured to switch a 230V or 24V device
- Trunking knock-outs for easy and neat wiring
- Additional connectors for ease of wiring
- Continuous or pulse operation
- Fits discreetly behind any Smoke and Heat alarm
- 5 year guarantee

Ei128RBU Hard Wired Relay Module With Battery Back Up

OPTICAL SMOKE ALARM

- Optical sensor – quick response to slow smouldering fires
- Automatic dust compensation
- Mains powered with 9V Alkaline battery back-up
- Easi-fit base for quick and simple installation
- Grade D2 and compliant with Scottish legislation
- Kitemarked to BS EN14604:2005
- 5 year guarantee

Ei146e Optical Smoke Alarm

BATTERY CO ALARM

- Battery powered by a sealed lithium battery with a 10-year lifespan
- Built-in AudioLINK+ data extraction technology
- Easy to fit twist on base and multi-fixings
- Pre-alarm LED indication gives early warning of CO

EI208 Battery CO Alarm

HARD WIRED RELAY MODULE

- Mains powered
- Connects with the alarm system through a hard wire interconnect
- Easy to install with additional trunking knock outs
- Compatible with the 3000, Ei2110e Multi-Sensor Fire Alarm, 160e Series alarms and the 140e Series

EI128R Hard Wired Relay Module

RADIOLINK ALARM KIT FOR THE DEAF & HARD OF HEARING

- Flashing strobe light
- Vibrating pillow pad
- Mains powered with rechargeable lead acid back-up battery
- Wireless interconnect

EI170RF RadioLINK Alarm Kit for the Deaf & Hard of Hearing

SURFACE MOUNTING KIT

- For use with the 3000, 2110e, 160e and 140RC Series smoke and heat alarms
- Fitted with a connector block for ease of wiring
- Three trunking knockouts for surface wiring

EI127 Surface Mounting Kit

RADIOLINK STROBE LIGHT

- Flashing strobe light for daytime rooms
- Mains powered with rechargeable lead acid back-up battery
- Wireless interconnection to the rest of the alarm system

EI171RF RadioLINK Strobe Light

RADIOLINK MANUAL CALL POINT

- Allows for remote triggering of an alarm system
- Non-breaking, re-settable front plates
- Contains 10 year lithium cell – for completely wire free installation
- Connects wirelessly with all other Aico wireless interconnection products

EI407 RadioLINK Manual Call Point

MASKING PLATE

Covers any marks left by rectangular shaped alarms when upgraded to 3000, 2110e, 160e and 140RC Series smoke and heat alarms, EI168RC RadioLINK bases and EI128R/EI128RBU relay modules.

- Adhesive strips provided to keep the plate aligned when installing

EI1516 Masking Plate

HIGH OUTPUT SOUNDER

- Frequency of 400-2,850Hz – switchable
- 89 – 102 dBA at 1m
- Mains powered
- Activate via a Relay Module
- Indoor or outdoor use (IP65)

Y05 High Output Sounder

RADIOLINK ALARM CONTROLLER

One button - three functions.

- Lithium battery powered (sealed in)
- Completely wire free installation
- Connects wirelessly with all other Aico wireless interconnection products
- LEDs for a visual display of Fire or Carbon Monoxide alarm activation
- 10 year life
- 5 year warranty

EI450 RadioLINK Alarm Controller

CARBON MONOXIDE ALARM

- Lithium battery powered (sealed in)
- Memory feature showing last recorded Carbon Monoxide level
- 5 year warranty

EI208W Carbon Monoxide Alarm

RADIOLINK BASE

Add this to the 2110, 160 & 140 series alarms for RadioLINK wireless interconnection.

- Mains powered alarm
- 10 year rechargeable lithium battery back-up
- Eliminates tricky wiring runs
- Saves time, mess and money
- Makes it easier to add in new alarms and accessories
- 5 year warranty

EI168RC RadioLINK Base

CARBON MONOXIDE ALARM & CONTROL SWITCH

- Mains powered alarm
- Lithium battery back-up
- 10 year lifespan
- Must be used with EI529RC Alarm Control Switch
- Identifies triggered alarms
- Tests and silences activated alarms
- 5 year warranty

EI3018 Carbon Monoxide Alarm
EI1529RC Alarm Control Switch for EI261

RADIOLINK PANEL INTERFACE MODULE

- Creates a two-way communication between Aico alarms and a panel system
- Connects wirelessly with all other Aico wireless interconnection products and is hard wired into the Panel system
- Powered directly from the Panel system

EI413 RadioLINK Panel Interface Module

RADIOLINK+ FIRE/CO ALARM INTERFACE

- Mains powered with rechargeable lithium cell back-up
- Interfaces with Telecare/Warden Call devices, Sprinkler systems and many more
- Uses RadioLINK+ wireless interconnection technology to connect with domestic alarms and accessories
- Allows for simple testing of domestic and external systems
- Connects wirelessly with all other Aico wireless interconnection products

EI414 RadioLINK+ Fire/CO Alarm Interface

ASSISTANCE ALARM KIT

- Simple install, 3 part kit - indication module, pull cord module & reset module
- Complete with battery backup facility (battery included)
- Meets Part-M building regulations BS8300
- Antimicrobial properties (ABS only)
- Alarm to raise alert for assistance
- Compact design to suit many interiors
- Supplied with disabled persons sign
- System is expandable to include additional indication and pull cord modules if required

4 ZONE CONVENTIONAL FIRE ALARM KIT

KIT CONTAINS:

- MAG4P 4 zone fire panel
- 5 x PSD-2 Optical smoke detectors complete with base
- 1 x FHD-2 Fixed temperature heat detector complete with base
- 2 x SCP-2R Resettable call points
- 2 x BA-2R Banshee sounders
- 1 x BAT7 12v 7.0ah SLA battery

MAG4P

PSD-2 x 5

FHD-2 x 1

SCP-2R x 2

BA-2R x 2

BAT7 x 1

FLK4PH 4 Zone Conventional Fire Alarm Kit

FIRE ISOLATOR SWITCH

- Surface or flush mounting
- Complies with BS5839 Part1
- Provides a secure method of isolating the mains supply to a fire system control panel
- Assists with essential maintenance for fire protection systems
- Provides a secure switch to counter against malicious operation
- Operation restricted to authorised key holders
- Includes spare key

MAGISORP

Fire Isolator Switch

4 ZONE CONVENTIONAL PANEL

- 4 programmable zones
- Active end of line monitoring and head removal
- 30 fire detectors per zone
- Unlimited number of call points per zone
- Integral evacuate alarm button
- 'Class change' facility
- Enable/disable security key
- One man walk test facility
- Volt free fire change over relay
- Volt free fault change over relay
- Individual sounder circuit fault ID
- Individual zone/sounder isolate
- Certified to EN54-2/4
- Requires only 1x12v battery
- MAG4P - ABS casing
- Dimensions: 340 x 290 x 100mm
- Weight: 2.5Kg
- Max detectors per zone: 30

MAG4P

4 Zone Conventional Fire Panel

RED CALLPOINT SURFACE MOUNTING & SINGLE SPARE CALLPOINT KEY

- Surface or flush mounting
- Complete with surface back box

Reset key for SCP2R

SCP2-R
SCP2RK

Resettable Callpoint
Single Spare Call Point Key

8 ZONE CONVENTIONAL PANEL

- Up to 16 programmable zones
- Up to 16 sounder circuits
- Active end of line monitoring and head removal
- Up to 32 fire detectors per zone
- Unlimited number of call points per zone
- Integral evacuate alarm button
- Repeater facility and 'Class change' facility
- Enable/disable security key
- One man walk test facility
- Volt free fire/fault change over relay
- Individual sounder circuit fault ID
- Individual zone/sounder isolate
- Alarm delay options
- Certified to EN54-2/4
- Requires 1 x 12V batteries
- ABS casing
- Dimensions: 456 x 350 x 125mm
- Weight: 4.2Kg
- Max detectors per zone: 32

MAG816

8 Zone Conventional Fire Panel

THESE FIRELINE DETECTORS PROVIDE A PERFECT COMPLIMENT TO THE FIRELINE MAG PANELS

COMBINED SMOKE/HEAT DETECTOR & BASE

Approval / Class: EN54-7, EN54-5 / A1R
 Operating Voltage: 9 - 30VDC
 Standby Current: < 60µA @ 24v
 Alarm Current: 49mA @ 24v
 Wire Gauge: 0.4mm - 2.0mm TWIN
 Operating Temp.: -10°C to 60°C
 Test Facility: Simulated Smoke/Heat
 Supplied with a diode base

CSD-2 Conventional Combined Optical Smoke & Fixed Heat Detector

RED BANSHEE SOUNDER

IP45

- Sound output @ 1m 89 - 110 dBA
- Current - 3-39mA

BA-2R Red Banshee Sounder

OPTICAL SMOKE DETECTOR & BASE

Approval / Class: EN54-7 / N/A
 Operating Voltage: 9 - 30VDC
 Standby Current: < 60µA @ 24v
 Alarm Current: 49mA @ 24v
 Wire Gauge: 0.4mm - 2.0mm TWIN
 Operating Temp.: -10°C to 60°C
 Test Facility: Simulated Smoke
 Supplied with a diode base

PSD-2 Conventional Optical Smoke Detector & Base

DEEP RED BASE FOR BANSHEE SOUNDER

IP45

- Sounder Base for BA-2R and CB-1R

BA-DB Deep Red Base For Banshee Sounder

FIXED TEMP HEAT DETECTOR & BASE

Approval / Class: EN54-5 / A2S
 Operating Voltage: 9 - 30VDC
 Standby Current: < 60µA @ 24v
 Alarm Current: 49mA @ 24v
 Wire Gauge: 0.4mm - 2.0mm TWIN
 Operating Temp.: -10°C to 60°C
 Test Facility: Heat Source
 Supplied with a diode base

FHD-2 Conventional Fixed Temp Heat Detector & Base

COMB RED BANSHEE SOUND AND STROBE

IP45

- Sound output - 89 - 110 dBA
- Flash rate - 60/minute
- Current - 40mA plus sounder

CB-1R Banshee Sounder and Strobe

RATE OF RISE HEAT DETECTOR & BASE

Approval / Class: EN54-5 / A1R
 Operating Voltage: 9 - 30VDC
 Standby Current: < 60µA @ 24v
 Alarm Current: 49mA @ 24v
 Wire Gauge: 0.4mm - 2.0mm TWIN
 Operating Temp.: -10°C to 60°C
 Test Facility: Heat Source
 Supplied with a diode base

RHD-2 Conventional Rate of Rise Heat Detector & Base

DETECTOR BASE SOUNDER

- Sound output @ 1m - 93 dBA
- Current - 18mA

DBS-1 Detector Base Sounder

LINIAN SUPERCLIP™

Range of innovative Firefly fire safety clips for plastic trunking and other applications.

- Colour: Black
- Recommended spacing: 300mm
- Hole diameter: 10mm*
- Hole depth: 40mm
- Supports a max tensile load of 44kg

**MAXIMUM EFFICIENCY,
MINIMUM COST**

LINIAN FIRE CLIP

- Work fast: 70% faster to install than traditional methods
- Dramatically reduces labour costs
- Tested to London Underground Standard, BSEN50200 and meets recommendations for Fire Rated Cable Fixings BS7671 Amendment 3
- Unique design accelerates installation and enables tidy finishes

- Suitable for wall, ceiling, window and panel mounting
- 2–5 year warranty

416473 Silent 100 Axial Bathroom/Toilet Fan

SIMPLY SILENT CONTOUR EXTRACTOR FAN RANGE DESIGNED FOR BATHROOMS, SHOWER ROOMS, CLOAKROOMS & TOILETS

IPX4

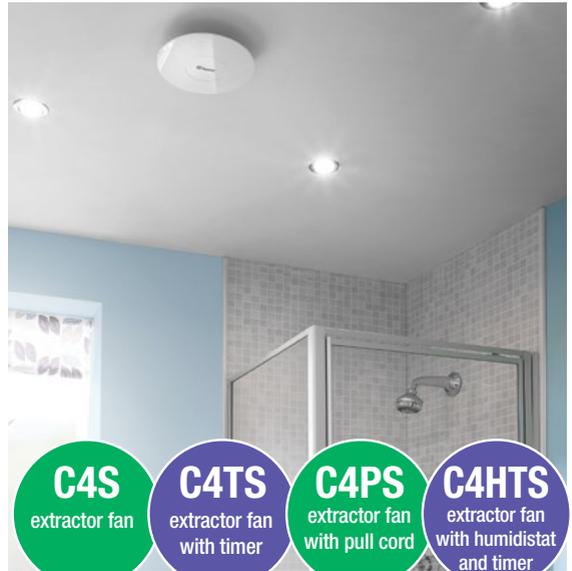

Ghost™ air movement technology delivers extremely quiet operation by using long life silent running motors combined with precision engineered and manufactured components, avoiding all forms of mechanical noise and using advanced techniques to eliminate turbulence and irregular air paths within the fan. The sleek smooth fascia is easy to clean and maintain, and can even be removed with an effortless twist, giving you the option of interchanging between square and circular designs to suit your application.

- **The quietest intermittent bathroom fan on the market**
- Sleek subtle design with interchangeable fascias - square or circular
- 2 speeds - 15l/s and 21l/s which is selectable on install
- Suitable for wall, ceiling, panel and window fitting
- IPX4 rated and complies with building regulations Parts F and L

AIR MOVEMENT TECHNOLOGY

So Simple Maintenance - features such as a twist and click fascia ensure that the product is easy to clean and maintain.

The Simply Silent DX100 twin-speed extractor fan with wall kit features Ghost Air Movement Technology designed to deliver near silent ventilation.

Meeting the latest building regulations this 4" (100mm) fan is specifically designed for use in bathrooms, shower rooms and en suites. Requiring a 100mm diameter hole the Simply Silent DX100 is an ideal replacement for old noisy fans or as a new installation. All fans come with universal mounting kits, backdraught shutters, outer grilles and ducting.

CENTRIFUGAL BATHROOM FAN RANGE

MANROSE

CF100T

CF200LV/ CF200S

- The CF100 and CF200 centrifugal fans use the latest technology to provide extremely powerful, yet very quiet and vibration free ventilation. The CF100/200 ranges are designed for bathrooms, toilets, cloakrooms and utility rooms.
- Designed to move air over long distances, these units will give maximum performance even against pressures caused by long lengths of ducting and resistance by grilles.
- All models are fitted with a built-in spring operated non-return flap into the discharge spigot to stop backdraughts.
- The CF100 has an extract rate of 90m³/hr 25 litres per second, the CF200 range have an extract rate of 110m³/hr 31 litres per second.
- The units are all manufactured using high impact ABS thermoplastics for strength and durability, aesthetics and easy cleaning.

CF100T	Centrifugal Bathroom Fan Timer 100mm
CF200LV	High Pressure Centrifugal Bathroom Fan SELV 12V 100mm
CF200S	High Pressure Centrifugal Bathroom Fan Standard 100mm

BATHROOM FAN AUTOMATIC SHUTTERS

MANROSE

- Designed for wall, ceiling or window mounting, the Automatic extractor fan range incorporates thermo-activated internal shutters behind the interior grille which open silently approximately 45 seconds after the fan is switched on.
- The extract rate of the 100mm series is 85m³/hr, 23 litres per second, whilst the 120mm units for larger bathrooms, toilets and utility rooms are 56% more powerful with an impressive extract rate of 130m³/hr, 36 litres per second. The largest fan in this range, the 150mm (6"), has a maximum performance of 230m³/hr, 64 litres per second.
- Power is provided by a single phase induction motor with pre-oiled bearings for a maintenance-free life.
- The units are all manufactured using high gloss ABS thermoplastics for strength and durability, aesthetics and easy cleaning.

PEF4030A Timer Pullcord 100mm
PEF4040A Humidity 100mm

SHOWERLITE IN-LINE FAN KIT ICE WHITE LED TIMER 100mm

MANROSE

- The Showerlite can be used within the splash area of the shower or bath and is powered by a SELV remote safety isolating transformer.
- The Showerlite is suitable for any 100mm (4"), 120mm (5") and 150mm (6") in-line system such as the Manrose SF/ID range of in-line axial fans or the CFD range of in-line centrifugal fans.
- Available in two colours white, and chrome, the Manrose Showerlite will enhance any shower or bathroom providing a rich warm glow of soft light.

IWLEDSLKTC

MIXFLO COMMERCIAL INDUCT FAN TIMER 100MM

MANROSE

- Fully adjustable between 19l/s – 49l/s
- Low running costs
- Low sound level

- IPX2 rated

MF100T

INLINE CENTRIFUGAL FAN KIT TIMER 100MM

MANROSE

- Powerful, yet quiet and unobtrusive, the CFD200/220 units have extract rates of 110m³/hr 31 litres per second.

SCF200TN

RECTANGULAR FLAT CHANNEL

MANROSE

- Width: 110mm
- Height: 54mm
- Length: 1000mm

All straight duct lengths are supplied either wrapped or within boxes, surrounded with white protective packaging to help mitigate damaging effects of sunlight exposure. Do not remove the white reflective packaging and leave in sunlight. UV exposure breaks down the polymer chains, resulting in a weaker molecular bond within the PVC, leading to reduced tensile strength and flexibility.

On receipt of goods, we recommend all PVC ducting products are immediately stored in a cool, shaded place to avoid damage due to heat build-up within the packaging. Any extrusions (lengths of product) should be stored horizontally and supported along the whole length of the product. In summer months, heat can build up inside packaging faster and there is a chance that PVC goods could become warped if stored incorrectly.

40100 Rectangular Flat Channel 110 x 54mm L1000mm
PVC Ducting

RECTANGULAR FLAT CHANNEL

MANROSE

- Width: 204mm
- Height: 60mm
- Length: 2000mm

This part comes in grey; Whilst we will look to maintain the colour of Grey, by the nature of adopting a recycled plastic the colour and shade may vary at any given time.

LO-CARBON PUREAIR HOME WITH HEATER

Vent-Axia

PureAir Home is designed to eradicate condensation and mould from the home. It reduces the risk of health issues in the home by improving indoor air quality and quickly eradicating conditions that could lead to mould growth and associated health issues such as asthma and itchy skin. The unit reduces humidity in the air, curing condensation and creating a healthier indoor environment.

Installation

We have designed PureAir Home to be easy and quick to install, however if you would like help with installing it we can put you in touch with our installation partner.

- Prevents condensation and mould
- Prevention of asthma and allergy irritation
- Discreet installation - out of sight, out of mind
- Whole house air purification and humidity control - up to 4 bedrooms
- Variable Height & Depth
- Built in Control Unit
- BBA Approved
- 5 Year maintenance free

Lo-Carbon PureAir Home™ FD with Heater, G4 filter, 2m of flexi duct and Ø200mm Fire rated diffuser (Multi-storey Compliant)

Lo-Carbon PureAir Home with Heater, G4 filter, 2m of flexi duct and a Ø200mm Smart Airflow™ discreet diffuser.

Positive input ventilation with heater for whole house mould and condensation control. Smart Sense™ control allows quick and accurate set up. Fully adjustable between 19l/s - 49l/s. Automatic summer shut off stops warm air coming back into the property.

QUANTUM HEATER RANGE

THE HEATER THAT ADAPTS TO ITS ENVIRONMENT

IPX2

Quantum is the world's most advanced electric space heater. It uses low cost, off-peak energy, making it the most economical heating system on the market today. With capabilities to adapt to your usage, lifestyle and climate conditions, the Quantum will deliver heat only when it is required ensuring no energy or money is wasted.

GREAT VALUE, GREAT SAVINGS

Quantum is up to 27% cheaper to run and uses up to 22% less energy than a standard storage heater system.* Quantum is also up to 47% cheaper to run than an electric convector or radiator system.*

EFFICIENT HEATING

Exceptional levels of insulation mean that Quantum will store energy up during periods of low demand, turning it into efficient heat only when you need it. Through its use of a sophisticated self-learning algorithm, the iQ controller is able to take just the right amount of heat to match your lifestyle and the changing climate conditions, intuitively and precisely.

24-7 COMFORT AND CONTROL

Quantum is fitted with a revolutionary iQ controller so you can pre-set your heating requirements - just like central heating. However, adjusting the heat levels manually is also simple via its easy-to-read LCD display and user-friendly low torque rotary knob, designed with the visually impaired in mind.

* Calculated using SAP 2012 – the only Government approved energy performance assessment method.

- Stylish, compact design for unobtrusive heating
- Adapts to your requirements to save energy
- Revolutionary iQ controller
- LCD display
- Up to 27% cheaper to run than a standard storage heater system*
- Easy-to-use controls
- Boost element to ensure heat is always available
- Seven day programmer with three pre-set timer profiles
- Child lock
- Low noise fan
- 10 year warranty

Q-RAD HEATERS

Dimplex THE INTELLIGENT ELECTRIC HEATER

Q-Rad combines advanced technologies to give you maximum control over your heating. Choose when you want heat and at what temperature using the intuitive Heater Control, then sit back and let Q-Rad take care of the rest.

- Intelligent electric radiator
- Stylish design
- 'Eco-Start' delayed anticipatory control - the heater decides when to turn on to ensure target temperature is achieved at the selected time
- Advanced touch control system
- Dual-Element technology for the perfect balance of convection and radiant heater
- Open window technology automatically reduces output to prevent heat loss if a window is left open
- Highly accurate electronic thermostat (to +/-0.2°C)
- Low thermal heat mass
- 24-hour and 7-day timer control ensures suitability for domestic and commercial applications
- BEAB approved

PLXE PANEL HEATER RANGE

Dimplex

IP24

The PLX100E is a Lot 20 compliant, modern and efficient electric panel heater. Offering intuitive controls with multiple timers, natural white colour and louvered grille, this heater will fit naturally into any room.

This panel heater features the CapSense controller, providing a more intuitive user experience with its backlit LCD display and touch-sensitive buttons.

Adaptive Start pre-heats the room ahead of a programmed heating schedule for only exactly the amount of time required to meet the desired target temperature at the desired time. For example, if the product was following a timer which was set to 21 degrees at 7am, with Adaptive Start the product will begin heating before 7am to achieve 21 degrees at 7am, without Adaptive Start the heater will only begin heating at 7am.

Open Window detection monitors the room temperature while the heater attempts to achieve a desired room temperature. If the room temperature does not change or decreases while heat is being emitted, the product will stop heating and enter a standby mode in order to not waste energy.

- Intuitive user controls with RGB backlit LCD display
- Programmable room temperatures and heating time periods
- Multiple seven-day timer profiles
- Electronic thermostat accurate to within 0.2°C
- Energy-saving technologies such as Adaptive Start and Open Window Detection
- Slimline design that covers traditional panel heater fixing marks
- Splash-proof for use in bathrooms
- Complies with Lot 20 of ERP Directive

TSRE SLIMLINE STORAGE HEATER RANGE

IPX4

An advanced electric storage heater with a clean look and reliable performance. TSRE storage heaters provide an upgraded and compliant replacement for older storage heaters.

Creda TSRE represents the new non-high heat retention standard for storage heating; raising the bar over conventional storage heaters.

TSRE storage heaters offer dynamic storage calculation, adjusting the amount of energy that is stored to meet the users requirements without wastage. As a result, a greater amount of electricity can be saved with off-peak energy.

Users now have greater control over their heating with the built-in timer; allowing heating times and temperatures to be defined. Heat leakage, a common trait of conventional storage heaters, has also been greatly reduced allowing the room to be at a comfortable temperature in the morning and still have enough stored energy to heat on a night.

- Harness off-peak electricity tariffs for low running costs
- Controllable electronic heat output to match user lifestyle
- Dynamically stores the right amount of energy to heat a room
- Fan assisted to quickly, quietly and more effectively distribute heat
- Programmable room temperatures with three seven-day timer profiles
- Complies with Lot 20 of ERP Directive
- Slimline design that covers traditional storage heater fixing marks
- Supplied with 40mm feet for weight distribution when secured to wall
- Two feet positions available

TSRE050	1.02kW H 749 x D 182 x W 581mm 63kg
TSRE070	1.56kW H 749 x D 182 x W 703mm 85kg

OVER DOOR HEATER / WARM AIR CURTAIN

The AC3 over door heater provides multi-directional, powerful and effective heating above the entrance to shops, offices and almost any small doorway.

When fitted above an open door, the warm airflow encourages trade by allowing doors and entrances to remain 'open for business' in many commercial applications.

- Provides a 'Warm Welcome' above single doorways
- New curved styling for modern interiors
- Adjustable wall brackets for ceiling or wall mounting
- Adjustable air flow direction
- Full heat, half heat and fan only settings
- Colour white

24 HOUR/7 DAY SLIMLINE DIGITAL PLUG-IN TIME CONTROLLER

TIMEGUARD

- Top side display for ease of viewing when in use
- Slimline plug-in control
- 7 Day programming
- 7 ON/OFF programmes over a choice of day groups or individual days
- Manual Override (Self-cancelling)
- Optional random switching feature
- Rechargeable battery backup

ETU17N 24 Hour/7 Day Slimline Digital Plug-in Time Controller

WI-FI CONTROLLED FUSED SPUR (TUYA EDITION)

TIMEGUARD

- Available for Android and IOS
- Remote controlled from your phone via Wi-Fi and a data connection
- Can reduce running costs if unwanted programmes are cancelled
- Supports multiple devices
- Supports multiple users
- Permanent ON, Permanent OFF, Boost/Countdown Modes
- Positive ON/OFF status, with colour coded LED indicators
- Automatic summer/winter changeover

FSTWIFITU Wi-Fi Controlled Fused Spur (Tuya Edition)

7 DAY SLIMLINE ELECTRONIC IMMERSION HEATER TIMESWITCH

TIMEGUARD

- Easy Slide' Program Button Cover to Prevent Accidental/Casual Tampering
- Extra large Screen With Blue LED Backlighting
- Red LED 'Mains ON' and Green LED 'Output' Indicators
- Large Programme Buttons
- Self-Cancelling Override Button To Next Programme Change
- Optional 1 & 2 hour Boost Button
- Automatic Summer/Winter Time Change
- Rechargeable Battery Back-up

NTT08 7 Day Slimline Electronic Immersion Heater Timeswitch

20A 24 HOUR/7 DAY COMPACT DIGITAL HEAVY DUTY TIMESWITCH

TIMEGUARD

- Voltage free change over contacts
- Programme suspension, loop and override to next programme function
- 8 ON/8 OFF easy-set programmes per day. 56 ON, 56 OFF per week
- Automatic Summer/ Winter changeover
- Extra large "Easy View" backlit display with protective cover)
- Backup battery power reserve
- Self cancelling override & boost options
- Red LED "Mains ON" & Green LED "Output" indicators for easy viewing

NTTHDS 20A 24 Hour/7 Day Compact Digital Heavy Duty Timeswitch

SURETIME 2 HOUR ELECTRONIC BOOST TIMER

TIMEGUARD

- Typical applications - Immersion Heaters - Room Heaters - Towel Rails - Lighting
- Various Boost Options
- Automatic timer countdown for up to 2 hours
- Cancellation of countdown time by pressing the boost button mid-cycle
- Bright illumination of the boost button at all times.
- Minimalist and simple to use!
- LED indicators for approximate time left on countdown
- Ideal for immersion control systems not racking up a huge bill
- Fits a standard flush or surface BS wall box with 25mm depth

STBT4 Suretime 2 Hour Electronic Boost Timer

24 HOUR COMPACT PLUG-IN SEGMENT TIME CONTROLLER

TIMEGUARD

- 24 hour compact plug in timer
- 15 minute minimum switching interval which can be increased in 15 minute steps
- Permanent ON override for instant control
- Easy to use segment setting dial

TG24 24 Hour Compact Plug-In Segment Time Controller

2 HOUR DIGITAL BOOST TIMER WITH COUNTDOWN DISPLAY

TIMEGUARD

- 2 Hour maximum time on set in 15 minute increments
- Boost button with backlight disable feature
- Ideal for immersion heaters, room heaters, towel rails and lighting
- Replaces existing single gang connection unit fixed appliance outlets
- Multiple on times can be selected and viewed via the clear LED output display panel
- Easy push button selection
- Fits a standard flush or surface mount BS wall box

TGBD2 2 Hour Digital Boost Timer With Countdown Display

ELECTRONIC PLUG-IN THERMOSTAT WITH 24 HOUR TIME CONTROL

TIMEGUARD

- Plug in thermostat with 24.7 temperature control or timed temperature control
- 1000 hours integral battery power reserve
- Power reserve retains programmes and allows out of socket programming
- Reset button restores to factory set default programmes
- Large LCD information screen
- Manual override
- Internal probe sensor

TRT05 Electronic Plug-in Thermostat with 24 Hour Time Control

4 HOUR ELECTRONIC BOOST TIMER

TIMEGUARD

- Automatic timer countdown selection for up to 4 hours
- Typical applications such as immersion heaters, room heaters, towel rails and lighting
- Fits a standard flush or surface mount BS wall box min. 25mm deep

TGBT4N 4 Hour Electronic Boost Timer

7 DAY DIGITAL PROGRAMMER – 1 CHANNEL

TIMEGUARD

- 7 day programming for use with room thermostat
- 3 timed control periods per day (5 day and 2 or 7 day programming).
- Programme copy function
- 1 and 2 and 3 hour boost function
- Holiday mode
- Always ON and OFF override mode
- Blue LED screen illuminates upon setting
- Automatic summer and winter changeover
- Change over contacts
- Factory fitted rechargeable battery backup

TRT034N 7 Day Digital Programmer – 1 Channel

7 DAY PROGRAMMABLE ROOM THERMOSTAT WITH FROST PROTECTION

TIMEGUARD

- 7 day time and temperature programming with digital accuracy
- 6 different time/temperature periods (5 day and 2 or 7 day programming)
- Easy +/- illuminated push button settings
- Programme copy function for quick and easy setting
- Easy view time and temperature display illuminates on setting
- Frost protection setting
- Temperature swing adjustment (using DIP switches) between a 0.5°C and 1°C
- Optimum start feature (up to temperature at the time the programme is due to start)
- Voltage free change over contacts
- Display battery powered using 2x AA batteries supplied

TRT035N 7 Day Programmable Room Thermostat with Frost Protection

7 DAY DIGITAL HEATING PROGRAMMER – 2 CHANNEL

TIMEGUARD

- 2 independently programmed channels
- 7 day programming for use with room thermostat
- 3 timed control periods per day (5 day and 2 or 7 day programming)
- Programme copy function, holiday mode & manual ON/OFF override function
- 1 and 2 and 3 hour boost function for central heating and hot water
- 7 day factory fitted rechargeable battery backup
- Automatic summer/winter changeover
- Blue LED screen illuminates upon setting
- Change over contacts
- Optional pumped or gravity operation set by DIP switches

TRT036N 7 Day Digital Heating Programmer – 2 Channel

WIRELESS 7 DAY PROGRAMMABLE ROOM THERMOSTAT

TIMEGUARD THERMOSTAT

- Wire free installation from thermostat to receiver control
- Up to 60m transmission range depending on installation
- 6 different time/temperature periods
- Easy +/- illuminated push button settings
- Easy view time and temperature display illuminates on setting
- Output light red LED
- Frost protection setting
- Voltage free change over contacts
- Optimum start feature (up to temperature at the time the programme is due to start)
- Display battery powered using x2 AA batteries supplied

TRT037N Wireless 7 Day Programmable Room Thermostat

7 DAY DIGITAL HEATING PROGRAMMER – 3 CHANNEL

TIMEGUARD – 3 CHANNEL

- 3 independently programmed channels
- Suitable for fully pumped systems
- Simple push button control (illuminates on setting)
- 3 timed control periods (5 day plus 2 or 7 day)
- Holiday mode, 1 and 2 hour boost function
- Always ON and OFF override mode
- Blue LED screen illuminates upon setting
- Optional automatic summer/winter changeover
- Voltage free change over contacts
- 24 hour factory fitted rechargeable battery backup

TRT038N 7 Day Digital Heating Programmer – 3 Channel

WIRELESS DIGITAL ROOM THERMOSTAT WITH NIGHT SET BACK

TIMEGUARD

- Automatic transmission of time and temperature programmes
- Wire free installation from thermostat to receiver control
- Night set back reduces set temperature by 4°C with 1 to 9 hours recall
- Up to 60m transmission range depending on installation
- Easy +/- illuminated push button settings
- Easy view temperature display illuminates on setting
- Output light red LED
- Display battery powered using x2 AA batteries supplied
- Temperature range adjustable in a 0.5°C steps, swing adjustment (using DIP switches) between 0.5°C and 1°C
- Voltage free change over contacts

TRT047N Wireless Digital Room Thermostat with Night Set Back

WIRING CENTRE BOX

TIMEGUARD

- Spacious and robust box with easily accessible terminals
- Suitable for all types of heating systems
- Multiple fixing holes and cable entry knock outs
- Supplied with wiring diagrams for S type and Y type plan installations
- 16 terminal block circuits and 4 earth terminals
- 6 Internal cable clamps
- Surface mount with wall fixing kit supplied
- Voltage 230V AC 50Hz
- Flame Retardant Rating V1
- Switch Rating 10(2)A

TRT049N Wiring Centre Box

ANALOGUE ECONOMY 7 PROGRAMMER WITH BOOST CONTROL

TIMEGUARD

- Interchangeable with Sangamo and Horstmann Economy 7 units
- Suitable for use with single, dual or twin element immersion heaters
- Designed for use with Economy 7 off peak rate overnight electricity plans
- 4 Boost demand options 15 & 30 minutes and 1 & 2 hours
- 24 hour Segment dial with minimum 15 minute switching intervals
- Output LEDs illuminate during off peak and boost periods
- Quartz reserve with 150 hours memory back up
- Fits and supplied with a standard size Economy 7 wall box
- IP30 enclosure protection and class 1 shock protection
- Disconnection to immersion heater(s) via double pole rocker switch

TRTM7N Analogue Economy 7 Programmer with Boost Control

SNAP CLIP

DELIGO

- Use with 24SC series snap clips to accommodate thicker flanges
- Supports up to three snap clips

CRA SCA Snap Clip 13-20mm

BEAM CLAMPS

DELIGO

- Provides an attachment for wire, S-hooks, chain, CADDY® SPEED LINK or other assemblies to flanges and profiles
- Fits most beams

BC250 4H24 Hammer On Beam Clamp (H) 3-8mm
BC500 4H58 Hammer On Beam Clamp (H) 8-14mm
BC750 4H912 Hammer On Beam Clamp (H) 14-20mm

CLIP U ROD

DELIGO

- Attaches to joists and C purlin
- Support threaded rod
- Threaded rod hanger can swivel to provide a vertical dropdown

VF110MT M10TJ1 Clip U Rod 1.5-4mm

J1 & J2 CLIPS

DELIGO

- Provides an attachment for wire, S-hooks, chain or CADDY® SPEED LINK assemblies from purlin and bar joist

VF1 J1 Clip 1.5-4mm
VF2 J2 Clip 4-6.5mm

SNAP CLIPS

DELIGO

- Supports up to three snap clips
- Allows for parallel cable runs along the inboard of the flange
- Use with 24SC series snap clips to accommodate thicker flanges

CLAMP BEAM WITH SET SCREW

DELIGO

- Easy installation to beam flanges

MC Clamp Beam with Set Screw M6

BOLT ON BEAM CLAMPS

DELIGO

DFL11 TKN10 Bolt on Beam Clamp 11mm

SLIDING WALL BRACKET

DELIGO

- Easy and fast to install
- Can be used on metal or traditional wood Studs
- Completely adjustable - will fit a range of Stud spacings and will easily allow fitting of 47mm Box up to a total depth of 54mm
- Pre-punched screw holes for easy box installation.
- Bar is marked with a scale for accurate Stud spacing

- TWB16** Telescopic Switch & Socket Boxes Wall Bracket 11-18in Steel Galv
TWB17 Telescopic Switch & Socket Boxes Wall Bracket 15-26in Steel Galv

INDUSTRIAL IP67. CAT IV 1000V VOLTAGE DETECTOR

Di-LOG
...measurably better

AAA
Battery
Included

Non-contact AC voltage detector and LED flashlight combined in a pen-style design.

- Audible, Visual & Vibration detection of 24 to 1000V AC
- Hi/Low Magnetic Field Detection Setting
- Ultra Bright LED Flash Light
- IP67 Waterproof

DL108 1000V IP67 Non-contact Voltage Detector

CAT IV 1000V VOLTAGE DETECTOR

AAA
Battery
Included

Non-contact AC voltage detector and LED flashlight combined in a pen-style design.

- Audible & Visual detection of 24 to 1000V AC
- Hi/Low Magnetic Field Detection Setting
- Ultra Bright LED Flash Light

DL107 1000V Non-contact Voltage Detector

DL1090 SOCKET TESTER C/W BUZZER

Di-LOG
...measurably better

- Clear visual and audible indication of wiring status
- Audible & LED indication of a wide range of wiring conditions
- Designed to EN 61010 and IP30

DL1090 Socket Tester c/w Buzzer

4-IN-1 WALL SCANNER

Di-LOG
...measurably better

The DL1097 is a compact and high-accuracy wall scanner designed to make property maintenance and home improvement projects safer and more efficient.

- Wooden and Metal Stud Detection
- Metal Pipe Detection
- Dynamic TFT display with Audible Voice Indication
- Wooden Stud Detection 20mm to 38mm
- Ferrous Metal Detection to 100mm
- Non-ferrous Metal Detection 80mm
- Voltage Detection 50mm
- Auto Calibration
- Li-ion rechargeable Battery

DL1097 4-in-1 Wall Scanner with Colour Screen and Voice Alerts

MINI 200 AMP AC CLAMP METER

Di-LOG
...measurably better

A compact clamp meter for use where access to cables is a problem. This instrument fits neatly in the hand and with a clamp opening of 18 mm it is ideal for those instances where it is hard to reach cables.

- AC 10 mA to 200 A
- Non contact voltage indication
- 18 mm Jaw opening
- Data hold, max current capture
- Auto power off
- LED Torch Light

DL6413 TRMS AC CLAMP METER

The DL6413 TRMS AC Clamp Meter is a high-performance True RMS meter designed for precise measurement of AC currents up to 1000A. It offers a comprehensive suite of features, including capacitance, temperature measurement, and an integrated LED torch. Its compact and ergonomic design makes it ideal for various electrical engineering applications. DL6413 TRMS AC Clamp Meter

DL6413 TRMS AC Clamp Meter

- High-Accuracy AC Current Measurement: Up to 1000A
- Capacitance Measurement: For precise component testing
- Temperature Measurement: With K-Type adaptor and thermocouple
- Built-in Ultra-Bright LED Torch: For improved visibility in low-light conditions
- 35mm Jaw Opening: For easy handling in confined spaces
- CAT IV 600V Safety Rating: Ensures reliable and safe operation
- Complete Protection: Across all measurement ranges

DL6505 - MINI 200 AMP AC CLAMP METER

DL6505 Mini 200 Amp AC Clamp Meter

A compact clamp meter for use where access to cables is a problem. This instrument fits neatly in the hand and with a clamp opening of 18 mm it is ideal for those instances where it is hard to reach cables.

A range of 10 mA to 200 A AC means the small size does not compromise on range and accuracy. This clamp meter also features a non contact voltage indicator and a torch built in.

Features:

- AC 10 mA to 200 A
- Non contact voltage indication
- 18 mm Jaw opening
- Data hold, max current capture
- Auto power off
- LED Torch Light

DL6780 & DL6790 COMBIVOLT 1 VOLTAGE/ 2 VOLTAGE INDICATOR

DL6780

AAA
Battery
Included

The Di-log DL6780 Combivolt 1 Voltage & Continuity Tester with Phase Rotation test is the bench mark for voltage indicators. The three-in-one tester with a rugged, ergonomically formed housing for perfect handling is fully conformant to BS EN 64213-3:2014. The DL6780 also offers Single Phase Detection

DL6780 Combivolt 1 Voltage Indicator
DL6790 Combivolt 2 Voltage Indicator

- Testing of AC/ DC voltages from 12 to 690 V AC/DC
- Meets safety and performance requirements of BS EN 61243-3 2014
- CAT IV 600V Safety Rating
- Continuity testing with optical and acoustic indication
- Automatic switching between voltage and continuity
- Phase rotation test system
- Single pole phase indication
- Fully compliant with GS38
- Fully operational voltage indication even when batteries are discharged
- Will not trip any RCD when testing across Live and Earth
- Single pole detection when L2 probe connected above 100V

DL6790

Di-LOG

DL6799 COMBIVOLT 5

The NEW CombiVolt 5 is a five-in-one tester with a rugged, ergonomically formed housing for perfect handling. With a range of testing function including TRMS AC/DC voltages, TRMS AC/DC current, Non-Contact & Single Pole Voltage detection and a multitude of other functions the CombiVolt 5 offers complete versatility to the Electrical Engineer.

Fully conformant to BS EN 61010-1, 61010-2-032, CAT II 1000V & CAT III 600V

- Meets safety and performance requirements of BS EN 61010-1
- 750V TRMS AC / 1000V DC voltage measurement
- Single Pole Voltage Detection
- Non Contact Voltage Detector
- Single pole voltage indication
- 200A TRMS AC /DC Current measurement
- 60M Ohm Resistance with Audible Continuity
- Capacitance
- GS38 shrouded probe tips
- Bright LED Flashlight
- FREE Carry Case
- FREE PL107N/DL107 Voltage Indicator

AAA
Battery
Included

DL6799 CombiVolt 5

DL9206 - COMPACT AUTO RANGING 1000V MULTIMETER - 18TH EDITION MULTIFUNCTION TESTER

Di-LOG
...measurably better

The DL9206 is our best selling compact digital multimeters with a double moulded rubber & plastic housing featuring an oversized high contrast 6000 count LCD display. With full protection on all ranges, temperature and safety category rating of CAT III 600 V, the DL9206 is a fantastic choice for most electrical engineers with the most demanding of applications.

- 61 segment analogue bar graph
- Max/Min recording mode
- Temperature reading in °C and °F
- Capacitance measurement from 10pF
- Backlit LCD display
- Continuity buzzer
- Resistance to 40MΩ
- Audible continuity
- Data hold

DLPK6780 COMBIVOLT 1 VOLTAGE INDICATOR AND PROVING UNIT KIT AND DLPK6790 COMBIVOLT 2 DIGITAL VOLTAGE INDICATOR AND PROVING UNIT KIT

The NEW Di-LOG DLPK6780 CombiVolt 1 Voltage Indicator and Proving Unit kit / DLPK6790 CombiVolt 2 Digital Voltage Indicator and Proving Unit kit is supplied packaged in our bespoke carry pouch fitted with a durable carrying strap and belt loop.

The DLPK6780/ DLPK6790 kits compact, lightweight and ergonomic design will encourage the user to carry it on their person ready to conduct the correct safe isolation procedure as outlined and in accordance with the "Electricity at Works Regulations 1989".

- DLPK6780**
- 12-690V AC/DC Voltage
 - Fully conformant to BS 61243-3:2014
 - Audible Continuity
 - Phase Rotation
 - GS38 Compliant
 - CAT IV 600V Safety Rating

- DLPK6790**
- 12-690V AC/DC Voltage

PU690 690V VOLTAGE INDICATOR PROVING UNIT

690V Proving Unit for Voltage Indicators

The PU690 enables you to prove your 2 pole voltage indicator by supplying a 690V AC voltage to the two input terminals. With the inbuilt load of 200k ohms, at 690V the current is limited to 3.5mA. In addition, the PU690 is also suitable to prove High and Low Impedance devices such as multimeters and clamps.

PU690 Key Features:

- 690V AC Output
- High/Low Impedance
- Low Battery Indication
- CAT II 750V Safety Rated

PU690 690V Voltage Indicator Proving Unit

SL300 PROFESSIONAL SOLAR PV TEST KIT WITH SOLAR IRRADIANCE AND DC CLAMP METER

Professional Solar PV Kit

The SL300 is a professional Solar PV test kit designed to assist in the installation of Solar PV systems. The kit includes the SL102 – Irradiance Meter and the DL6402 – AD/DC Current Clamp all packaged in a soft carry case.

The SL102, with its Multimeter like design, enables you to perform safe and accurate measurements, even when working at heights. The SL102 also features a dual display which allows you to simultaneously record the Irradiance level and Voltage output (VOC) with the panel connected in situ via SLLSC4 – 4mm MC4 lead set provided.

DL6402 – Features:

- Audible Continuity
- MC4 Red/Black lead set for VOC measurement
- Temperature thermocouple and K-Type adaptor supplied
- Frequency and capacitance
- 30 mm jaw opening
- 1000 AC/DC Current reading
- Electronic overload protection
- A large easy to see backlit display
- AC/DC voltage up to 600V

SL102 – Features:

- Solar Irradiance measurement to 1999 W/m² or 634BTU/ft²h
- Dual Display for simultaneous Irradiance and Voltage (VOC) measurement for in situ testing
- Min/Max recording function
- Auto Hold
- AC/DC Voltage to 600V
- Audible Continuity and Diode test
- AC/DC current to 200mA (Not to be used for PSC)
- SLLSC4 – 4mm MC4 Red/Black lead set for VOC measurement
- Carry Case

EKB001 KIT

Designed for streamline testing, inspection, and fault-finding tasks, the DiLog EKB001 electrician's test kit revolutionizes the field. This all-inclusive kit incorporates the state-of-the-art Combivolt 2 digital voltage and continuity tester, the compact and reliable DL208N double moulded multimeter, the convenient PL107N non-contact voltage indicator, the DL1090 socket tester, and the durable nylon carry case CCDL001, ensuring convenient transportation and protection of the tools.

- 3½ digit, 2000 count, LCD display
- AC/DC voltage measurement up to 600 V
- Manufactured to IEC1010-1 CAT III 600 V

EKB001 Kit

MULTIFUNCTION TESTER & EVSE ADAPTOR KIT

The DL9130EV 18th Edition Multifunction Tester sports an impressive array of features including 6mA pure DC test for RDC-CC verification and a full EV testing sequence for verifying the DC protection provided by the EV charger. Two new and valuable introductions in this model are the Rmax and Zmax features, able to automatically capture maximum values for R1+R2 continuity tests and Zs tests respectively and display them upon test completion.

RCD test types available using this MFT include AC, A, B and S; auto RCD testing functionality is present for convenience. Other convenient features include auto sensing for high current 2 and 3 wire loop test, enabling the device to detect when users are performing a 2 wire or 3 wire loop/PSCC measurements without the need for mode selection, and an auto start continuity test.

The inclusion of a colour RGB display on the DL9130EV is a useful addition, as it's able to visually indicate potential pass/fail conditions. The screen also presents values using large, clear digits and is fully backlit, making viewing easy in low light areas.

Includes:

- DL9130EV Multifunction Tester & DLEV1 EVSE Adaptor
- Specifically designed for engineers performing EV installations
- Has a full EV testing sequence for the verification of DC protection

DL9130EVKIT Complete 18th Edition Advanced EV Testing Kit

MFT TEST LEAD SET

Di-LOG
...measurably better

The TL1000 test lead set is a universal leadset for multimeters and clamp meters fully conformant to EN61010 with a safety standard of CAT III 1000V. The leads are double insulated to 1000V and the test probes are fitted with GS38 compliant covers. The TL1000 is also supplied with mini croc clips for extra low voltage (ELV) testing. Compatible with most multimeter and clamp meters with an input terminal size of 4mm.

- Standard unfused 4mm shuttered connectors to suit all types of instruments
- Supplied with croc clips
- Safety compliance with IEC 1010 (cat III 1000 V), GS38

TL1000 Test Lead Set c/w Croc Clips

DL9110 - 18TH EDITION MULTIFUNCTION TESTER

MINIATURE CIRCUIT BREAKER LOCKOUT DEVICE

**Master
Lock**

- Locks virtually all miniature ISO/DIN circuit breakers throughout the world
- Thumb turn dial screw for easy attachment - no tools required!
- Dial is inaccessible in the locked position to prevent removal
- Padlock can be applied horizontally or vertically
- Can be mounted side-by-side on adjacent miniature circuit breakers
- Durable thermoplastic material is chemical resistant and performs effectively in extreme environments

S2394 Miniature Circuit Breaker

BROTHER ELECTRICIANS LABEL PRINTER

Professional labelling tool with solid design and rubber impact guards to handle bumps and drops. Access all the electrical, datacomms, telecom contractor and AV security systems installer application keys needed on a routine basis. 5 different label widths from 3.5mm up to 24mm, printing up to 7 lines per print. Backlit LCD display. Supplied with carry case, rechargeable Li-ion battery, AC adaptor and black on yellow strong adhesive tape.

- 24mm Max. Label Width
- 7 Lines Per Print
- 200 Symbols
- 20mm/sec Print Speed
- 6 Pre-Set Templates
- Automatic Cutter
- QWERTY Keypad
- Cut/Pause Feature

PTE560BTVP Brother Electricians Label Printer (739TA)

TZ SERIES TAPE

LAMINATED ADHESIVE TAPE

Quality permanent adhesive tape providing good adhesion to most smooth, oil and dirt free surfaces. The over laminate provides a high degree of protection to the label making. Designed to be extra hard wearing. These scratch-proof labels can withstand heavy abrasion, electrical resistance and lengthy exposure to chemicals, sunlight, water and extreme temperatures from -50 to 300°C. Consisting of six layers of materials resulting in a thin, extremely strong label. Compatible with Brother P-touch label printers.

18TH EDITION PUBLICATIONS, CERTIFICATES & LOG BOOKS

IET WIRING REGULATIONS 18TH EDITION

BS 7671 is the national standard to which all electrical installations should conform. The 18th Edition IET Wiring Regulations contains important new information for all electrical installers and engineers.

The IET Wiring Regulations are of interest to all those concerned with the design, installation and maintenance of electric wiring in buildings.

The market includes electricians, electrical contractors, consultants, local authorities, surveyors and architects.

This book will also be of interest to professional engineers, as well as students at university and further education colleges.

IET ON-SITE GUIDE

The On-Site Guide provides practical information on applying the requirements of BS 7671.

The handy A5, spiral bound book is easy to take out on the job and reference as needed. This book has been fully updated to BS 7671:2018.

CERTIFICATES

These certificates are for use by electrical contractors not enrolled or registered with NICEIC or Elecsa and for Approved Contractors working outside of their scope of enrolment.

- 4932307081 SDS+ Drill 16x210 -1pc

- Centering tip. Ensures immediate spot drilling with pin point accuracy. Prevents skidding on smooth surfaces
- Enlarged rebar chamfers. Prevents side tip damage when hitting rebar. Reduces the risk of the drill bit jamming when hitting rebar
- Tapered shoulder design. Thinner shoulder towards drill tip for less friction providing for greater speed. Ideal for cordless hammers identified from its tapered shoulder geometry
- Reinforced flute. High volume flute geometry for optimum dust removal. Reinforced flute design (thicker core) gives: - Full power transfer to the tip. - Lower vibrations. - Exceptional break resistance, less breakages and best durability
- Made in Germany
- FASTEST: New aggressive tip geometry with 3 chip breakers demolishes the concrete quicker and a tapered shoulder design minimises friction enabling the M2 drill bit to deliver faster drilling speed
- DURABILITY: Rebar chamfers on the tip prevent side tip damage when hitting metal reinforcement and a thicker core body ensures higher power transfer, lower vibrations and less flute breakages

FEATURES:

- Breaker Points. 3 offset aggressive power breakers. These produce a "Demolition" effect and create micro cracks in the drilled material. Up to 25% FASTER

- 4932471107 Multi Material Drill 10x120 -1pc
- 4932471108 Multi Material Drill 10x260 -1pc
- 4932471110 Multi Material Drill 12x150 -1pc
- 4932471111 Multi Material Drill 12x260 -1pc

FEATURES:

- Impact rated: Designed for use with impact drivers and all types of 3 jaw chuck tools like rotary drill/drivers and percussion drills
- Hex shank up to 260mm total length, 3 flat shank on 400mm total length drill bits
- Tungsten carbide tipped (TCT) drill bits allow drilling into concrete, bricks, roof tiles, aerated concrete blocks, thin metal, aluminium, soft to medium hardness ceramic tiles, all wood types and PVC
- White flute to identify the drill bit easily in the users tool box

FLAT DRILL BITS

- 4932352487 Flat Drill Bit 6x160 -1pc
- 4932363130 Flat Drill Bit 8x160 -1pc
- 4932363131 Flat Drill Bit 10x160 -1pc
- 4932363132 Flat Drill Bit 12x160 -1pc
- 4932363133 Flat Drill Bit 13x160 -1pc
- 4932363134 Flat Drill Bit 14x160 -1pc
- 4932363135 Flat Drill Bit 16x160 -1pc
- 4932363136 Flat Drill Bit 18x160 -1pc
- 4932363137 Flat Drill Bit 19x160 -1pc
- 4932363138 Flat Drill Bit 20x160 -1pc
- 4932363139 Flat Drill Bit 22x160 -1pc
- 4932363141 Flat Drill Bit 25x160 -1pc
- 4932363142 Flat Drill Bit 26x160 -1pc
- 4932363143 Flat Drill Bit 28x160 -1pc
- 4932363145 Flat Drill Bit 32x160 -1pc
- 4932363146 Flat Drill Bit 36x160 -1pc
- 4932363147 Flat Drill Bit 38x160 -1pc

FEATURES:

- Fast drilling of big diameters
- Suitable for drilling in natural hard and softwood and chipboard
- Ideal for door locks, morticing, electrical and plumbing work
- Has a Hex shank reception (DIN E 6.3) for direct insertion into the power tool or for secure chuck grip
- Ground centre point for accurate positioning and sharp wings (not applicable to 6 & 8 mm) for improved cutting performance

4932352371	HSS-G Thunderweb Drill (DIN338) 12.0x151-1pc
4932352373	HSS-G Thunderweb Drill (DIN338) 13.0x151-1pc

FEATURES:

- THUNDERWEB design is characterised by a conical shaped web which gets thicker towards the back of the drill bit. Standard drill bits have a constant thickness throughout their length. Even at the narrowest point the THUNDERWEB core is thicker than that of a standard drill bit
- Parabolic web cross section: Large web thickness. Strength built in
- Flute geometry - THUNDERWEB flute form ejects hot chips rapidly. Dissipates heat better increasing life time
- 135° Split point - Precision starting, drill bit won't walk on material surface
- Polished finish reduces friction and extends drill bit life
- Impact resistant ABS case with added rubber corner protection
- Accepts higher feed pressure and torque equalling less breakages

Milwaukee

SHOCKWAVE™ IMPACT DUTY SETS

4932492939 ShW CD Carabiner Set 2 - 10 pc

FEATURES:

- Designed for use with impact drivers the SHOCKWAVE™ IMPACT DUTY accessory line is not only ideal for heavy duty impact applications, but also delivers a full system solution for all the user's drilling and fastening needs
- Laser hardened WEAR GUARD TIP™ for improved wear resistance and protection of the fit over the life of the bit
- SHOCK ZONE™ Geometry - designed to flex
- SHOCK ZONE™ reduces stress at the tip resulting in less tip breakages. The combination of the SHOCK ZONE™ design and special heat treatment absorbs impacts and allows the bit to flex with spring like action
- Custom engineered steel - Milwaukee® custom metal formula makes the SHOCKWAVE™ bits more resistant to shock from impacting

Set Includes:

Shockwave™ Impact Rated Screwdriving Bits: 10 x 50mm length: 4 x PH2 / 4 x PZ2 / 1 x TX20 / 1 x TX25

Milwaukee

SHOCKWAVE™ NUT DRIVER GEN II

4932492445 Mag ShW Impact Duty Nut Driver Set - 4 pc

FEATURES:

- Custom engineered steel and heat treatment for maximum strength and extreme durability
- Strong magnetic tip for secure grip
- 1/4" Hex reception (DIN 3126 - E 6.3). Very suitable for high torque and impact applications
- The nut drivers feature colour coded rings for quick and easy size identification

Set Includes:

7 / 8 / 10 / 13 mm

DIAMOND MAX™ 1/4" WET DRILL BITS

- 4932498341 Ø 5mm Diamond Drill Bit Gen 2 -1pc
- 4932498342 Ø 6mm Diamond Drill Bit Gen 2 -1pc
- 4932498343 Ø 8mm Diamond Drill Bit Gen2 -1pc
- 4932498344 Ø 10mm Diamond Drill Bit Gen 2 -1pc
- 4932498345 Ø 12mm Diamond Drill Bit Gen 2 -1pc
- 4932498350 Ø 25mm Diamond Drill Bit Gen 2 -1pc

FEATURES:

- Diamond grit drills and holesaws are designed for cutting holes in extremely hard materials such as porcelain/gres/quarry tiles, cast iron or fibreglass. These bits & holesaws guarantee superior life and fast cutting even in the hardest of materials. Can be used either on angle grinders with relevant adaptor or with a drill driver.
- Minimal water cooling: A continuous flow of water is not required to cool the bits & holesaw during cutting. Simply dip them in water before starting the cut and every 3 seconds during cutting for optimal performance and extra life
- Clean holes: Drills clean, precise holes without any perimeter scratches
- Superior lifetime and durability due to the high grade diamond bond and the tough alloy body which resists bending under stress
- Easy slug removal due to the multiple access slots

THUNDERWEB - HSS-GROUND METAL DRILL BITS - DIN338

4932493870 HSS-G Thunderweb Set - 25 pc

FEATURES:

- THUNDERWEB design is characterised by a conical shaped web which gets thicker towards the back of the drill bit. Standard drill bits have a constant thickness throughout their length. Even at the narrowest point the THUNDERWEB core is thicker than that of a standard drill bit
- Parabolic web cross section: Large web thickness. Strength built in
- Flute geometry - THUNDERWEB flute form ejects hot chips rapidly. Dissipates heat better increasing life time
- 135° Split point - Precision starting, drill bit won't walk on material surface
- Polished finish reduces friction and extends drill bit life
- Impact resistant ABS case with added rubber corner protection
- Accepts higher feed pressure and torque equaling less breakages

BRAD POINT DRILLS / DIN 7487 E / SETS

4932352466 BP Set - 8 pcs

FEATURES:

- Suitable for drilling hardboard, plywood, chipboard and all natural hard and soft wood

MULTI MATERIAL DRILL BITS

The Milwaukee 4932479853 is a 39 Piece Screwdriver and Bit Set designed for use with Impact Drivers. The drills cover drilling applications in Multi-Materials including brick plastics wood and masonry and also metal. The bits have laser hardened WEAR GUARD TIPS for improved wear resistance and protection of the fit over the life of the bit. The SHOCKWAVE IMPACT DUTY accessory line is not only ideal for heavy-duty impact applications but also delivers a full system solution for all the user's drilling and fastening needs.

4932479853 ShW CD Drill+Drive TiN MM 5.5 Set-39pc

FEATURES:

- The combination of the SHOCK ZONE

design and special heat treatment absorbs impacts and allows the bit to flex with spring-like action

- Custom engineered steel - Milwaukee custom metal formula makes the SHOCKWAVE bits more resistant to shock from impacting
- SHOCK ZONE Geometry - designed to flex
- SHOCK ZONE reduces stress at the tip resulting in less tip breakages

THUNDERWEB HSS-G DRILL BIT SET (19 PIECE)

4932352374 Thunderweb 19pc

FEATURES:

- Larger web thickness with strength built in
- Accepts higher feed pressure and torque
- Longer life and less breakages
- Good for drilling deep holes and on curved surfaces

Set Includes:

Ø 1 / 1.5 / 2 / 2.5 / 3 / 3.5 / 4 / 4.5 / 5 / 5.5 / 6 / 6.5 / 7 / 7.5 / 8 / 8.5 / 9 / 9.5 / 10 mm

Metal drill bits HSS Ground – DIN 338

DIAMOND MAX™ 1/4" WET DRILL BITS

4932492004 SHOCKWAVE™ Impact Duty™ bit set (40 pc)

Set Includes:

SHOCKWAVE™ screwdriving bits: 25 x 25 mm length 1 x PH1 / 2 x PH2, 1 x PZ1 / 3 x PZ2, 2 x TX10 / 2 x TX15 / 3 x TX20 / 3 x TX25 / 2 x TX30 / 1 x TX40, 1 x Hex 4 mm / 1 x Hex 5 mm, 1 x SL 0.6 x 4.5 / 1 x SL 0.8 x 5.5 / 1 x SL 1.2 x 6.5. 8 x 50 mm length 1 x PH2, 1 x PZ2, 1 x TX10 / 1 x TX15 / 1 x TX20 / 1 x TX25 / 1 x TX30 / 1 x TX40. SHOCKWAVE™ magnetic bit holder: 1 x 60 mm length, 1 x 152 mm length. 3 x SHOCKWAVE™ 1/4" Hex drill bits: 3 / 4 / 5 mm. 2 x SHOCKWAVE™ magnetic nut drivers: 48 mm length 1 x Hex 8 mm / 1 x Hex 10 mm

HOLESAWS

- 49565605 Ø 22mm Diamond Holesaws Gen 2 -1pc
- 49565615 Ø 29mm Diamond Holesaws Gen 2 -1pc
- 49565620 Ø 32mm Diamond Holesaws Gen 2 -1pc
- 49565630 Ø 38mm Diamond Holesaws Gen 2 -1pc
- 49565640 Ø 44mm Diamond Holesaws Gen 2 -1pc
- 49565645 Ø 51mm Diamond Holesaws Gen 2 -1pc
- 49565664 Ø 68mm Diamond Holesaws Gen 2 -1pc

BI-METAL CONTRACTOR HOLESAWS

- 4932464672 Holesaw 16mm Bi-Metal-1pc
- 4932464674 Holesaw 20 mm Bi-Metal-1pc
- 4932464676 Holesaw 22mm Bi-Metal-1pc
- 4932464678 Holesaw 25mm Bi-Metal-1pc
- 4932464680 Holesaw 29mm Bi-Metal-1pc
- 4932464682 Holesaw 32mm Bi-Metal-1pc
- 4932464684 Holesaw 38mm Bi-Metal-1pc
- 4932464685 Holesaw 40mm Bi-Metal-1pc
- 4932464688 Holesaw 48mm Bi-Metal-1pc
- 4932464689 Holesaw 51mm Bi-Metal-1pc
- 4932464696 Holesaw 67mm Bi-Metal-1pc
- 4932464698 Holesaw 70mm Bi-Metal-1pc
- 4932464699 Holesaw 73mm Bi-Metal-1pc
- 4932464700 Holesaw 76mm Bi-Metal-1pc
- 4932464702 Holesaw 83mm Bi-Metal-1pc
- 4932464706 Holesaw 102mm Bi-Metal-1pc

FEATURES:

- Optimised variable 4-6 tooth geometry for faster cutting and universal use
- Bi-Metal teeth for best durability and increased wear resistance
- For universal use: steel, non ferrous metals, wood, drywall plasterboard, plastics

FIXTEC NUT

The Milwaukee Fixtec Quick Locking Flange Nut 4932352473 replaces standard M14 flanges on grinders, to enable fast tool-less disc change. This revolutionises the way tool change is done and speeds up the working day tremendously. This fits Milwaukee, Bosch, Makita, Dewalt and many more.

4932352473 Fixtec Nut small - 1 pc

FEATURES:

- FIXTEC: Disc changing in seconds, no extra tools required
- Not suitable for use on angle grinders with a break or quick stop system
- Only 8 mm thick, enabling more surface of disc on the material
- Compatible to all manufacturers angle grinders up to 150 mm with standard M14 spindle thread
- 12 seconds from removing the worn disc to fixing a new disc
- With integrated keyholes, for removal of the nut with a standard pin spanner (Article number: 4932367712) in the event of the nut becoming too tight

HOLESAW ARBORS

- 4932479465 Holesaw Arbor Hex 9.5/14-30mm -1pc
- 4932479466 Holesaw Arbor Hex 9.5/32-210mm -1pc

HOLESAW PILOT DRILL BIT

4932479468 Holesaw Pilot Drill Bit 6x89mm - 1 PC

WOOD AUGER BITS

4932363687 20mm X 230mm Auger

FEATURES:

- For heavy duty, precision drilling in soft and hard wood, large section beams, joists, floor boarding, chipboard and plywood
- Lewis flute design for rapid chip removal
- With Hex shank for secure chuck grip

IMPACT WOOD AUGER BITS - SHORT SERIES

48130813 20mm Stubby Impact Auger

FEATURES:

- Special short design enables drilling in tight and normally non accessible places

IMPACT WOOD AUGER BITS - SHORT SERIES

4932500548 3/8" Quick Arbor
4932500549 7/16" Quick Arbor

FEATURES:

- Milwaukee QUIK-LOK™ arbor system is a universal fit arbor system for fast holesaw changes. The system is universal therefore fitting all the Milwaukee holesaws plus most competitor brands of holesaws
- Available in both 9.5mm or 7/16" Hex (11mm) shaft to cope with holesaws from 14 - 210mm diameter. The 7/16" arbor is compatible with Quik-Lok™ tools and accessory extensions
- The Quik-Lok™ hole enlargement arbor allows the user to increase the size of an existing hole from 32mm up to 152mm, maximising job applications
- Quik-Lok™: Saves Time / Increases Productivity / Fully Compatible

SDS-PLUS M2 - 2 CUT / SETS NG

4932492116 SDS - Plus M2 Set 2 - 7 pc

Set Includes:

Ø 5 / 5 / 6 / 6 x 110 mm and Ø 6 / 6 / 8 / 8 / 10 / 12 x 160 mm

SANDING PAD

The Milwaukee multi tool sanding pad for fine detailing, requires multi tool sandpaper. Multi tool accessory to be used with a Milwaukee multi tool.

48906070 OMT SL Sand. Pad 93mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Sanding pad 93 x 93 mm - hook & loop
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- The Milwaukee® Starlock™ triangle sanding pads uses a dense foam backer for flexibility and durability, delivering you a longer pad life and a smooth sanding experience
- This multi-tool sanding pad is ideal for detail sanding and hard to reach areas

FOR : GROUT

SANDING PAPER FOR MULTI-TOOL

48902060 Sanding Paper H and L GR 60 - 8 pcs
48906073 Abr HL 93x93x93 G120 - 6pcs

FEATURES:

- Robust and tear resistant aluminium oxide paper
- Grit type: 60
- Good material removal and surface preparation
- Suitable for delta sanders
- Compatible with Milwaukee multi-tools and other brands
- Available in a range of grits for different sanding needs
- High-quality sandpaper for long-lasting use
- Easy to attach and remove from your multi-tool
- Perfect for sanding wood, metal, and other materials

JIGSAW BLADES

4932373392 Jigsaw Blade 50 x 1.35mm T 101 AO -5pcs

FEATURES:

- Blade 4932373392 is ideally suited for cutting curves and irregular shapes. Use blade 4932373083 for straight cuts.

JIGSAW BLADES

4932346079 Jigsaw Blade 75 x 2.5mm T 101 BR -5pcs

FEATURES:

- These blades have a reversed tooth design, this means that the blade cuts on the downward stroke making them extremely suitable for clean and splinter free cuts in laminated chipboard and especially kitchen worktops in situ
- For best results work without pendulum action

JIGSAW BLADES

4932254063 Jigsaw Blade 55 x 1.2mm T 118 A -5pcs

4932254064 Jigsaw Blade 55 x 2mm T 118 B -5pcs

FEATURES:

- Blade reference 4939274652 is especially suited to cutting very thin sheet material because of its low 0.7 mm tooth pitch
- For those professionals desiring extra lifetime and durability we recommend the use of Bi-Metal blades in conjunction with a suitable cooling lubricant, the blades lifetime is double that of non Bi-Metal blades

JIGSAW BLADES

4932254061 Jigsaw Blade 75 x 2.5mm T 101 B -5pcs

4932274351 Jigsaw Blade 75 x 4mm T 101 D -5pcs

FEATURES:

- The following blades have diagonally sharpened side teeth resulting in a very clear splinter free cut

JIGSAW BLADES

4932213116 Jigsaw Blade 75 x 4mm T 144 D -5pcs

FEATURES:

- The sharp and aggressive tooth geometry is ideal for very fast cutting of wood

JIGSAW BLADES

4932254071 Jigsaw Blade 75 x 3mm T 111 C -5pcs

FEATURES:

- Traditional blades that deliver good and solid performance

JIGSAW BLADES

4932346078 Jigsaw Blade 75 x 4mm T 244 D -5pcs

FEATURES:

- All of our curve cutting blades are characterised by a narrow blade body for improved manoeuvrability

- Jigsaw blade 4932265312 and 4932430143 has cutting teeth on both sides
- The teeth on the back of the blade allows one to cut tight and acute curves with simplicity
- For best results work without pendulum action when cutting tight curves

JIGSAW BLADE SETS

4932345825 Jigsaw Blade Set -5pcs

FEATURES:

- Suitable for applications in wood and metal

BLADES

48906039 OMT SL Seg. Blade M I

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Multi material 100mm diameter segmented flush cut Bi-Metal blade for long life
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi tools and STARLOCK™ multi-tools
- These bi-metal blades are ideal for cutting thin metal, copper, fibreglass and PVC
- The MILWAUKEE® bi-metal metal multi-tool blades designed with a wavy tooth pattern to reduce the strain on the individual teeth of the blade, whilst also featuring an ultra-thin cutting line to provide fast smooth cuts in non-ferrous metal

FOR : WOOD WITH NAILS, CHANNEL, PIPES, PROFILES & PLASTICS

PLUNGE BLADE

The Milwaukee 35mm multi tool blade made from HCS high carbon steel with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 35mm plunge cut multi tool blade for wood with optimised teeth for soft wood and plastics. Multi tool blade to be used with a Milwaukee multi tool.

48906001 OMT SL Plunge Blade W 35x42mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Wood 35mm plunge cut blade
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- These MILWAUKEE® STARLOCK™ high carbon steel wood blades are made from premium high carbon steel with an optimised tooth design to provide you with fast cutting performance in soft wood, PVC, plasterboard and other soft materials

FOR : SOFT WOOD & PLASTICS

PLUNGE BLADE

The Milwaukee 3-cut multi tool blade made from HCS high carbon steel with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 35mm plunge cut clean cut multi tool blade with optimised teeth for hard wood and plastics. Multi tool blade to be used with a Milwaukee multi tool.

48906011 OMT SL Plunge Blade W 3C 35x42mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Wood 35mm plunge cut blade with 3 cut tooth geometry for fast and clean cuts
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- The Milwaukee® STARLOCK™ high carbon steel japanese tooth hardwood blades multi-tools are made from premium high carbon steel
- This hardwood multi-tool blade has precision triple ground japanese teeth, providing fast, clean and precise cuts in wood
- This blade is ideal for use in hardwood, wood, PVC, plasterboard, and other soft materials

FOR : HARD WOOD, SOFT WOOD & PLASTICS

PLUNGE BLADE

The Milwaukee wood with nails multi tool blade bi-metal design for long lifetime cuts with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 65mm plunge cut wood with nails multi tool blade with optimised teeth for nail embedded wood. Multi tool blade to be used with a Milwaukee multi tool.

48906027 OMT SL Plunge Blade WM BiM 65x42mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Wood with nails 65mm plunge cut bi-metal blade for long life
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- These bi-metal blades are ideal for cuts in wood with nails, copper pipe, wood and PVC
- The MILWAUKEE® bi-metal multi-tool blades designed with a wavy tooth pattern to reduce the strain on the individual teeth of the blade, whilst also featuring an alternating tooth pattern making this the ideal blade for fast and smooth cuts in nail embedded wood

FOR : WOOD WITH NAILS & PLASTICS

PLUNGE BLADE

The Milwaukee multi material multi tool blade bi-metal design for long lifetime cuts with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 28mm plunge cut metal multi tool blade with optimised teeth for metal & nail embedded wood. Multi tool blade to be used with a Milwaukee multi tool.

48906031 OMT SL Plunge Blade WM BiM 28x47mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Multi material 28mm plunge cut bi-metal blade for long life.
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- These bi-metal blades are ideal for cutting thin metal, copper, fibreglass and PVC
- The MILWAUKEE® Bi-Metal metal multi-tool blades designed with a wavy tooth pattern to reduce the strain on the individual teeth of the blade, whilst also featuring an ultra-thin cutting line to provide fast smooth cuts in non-ferrous metal

FOR : WOOD WITH NAILS, CHANNEL, PIPES, PROFILES & PLASTICS

PLUNGE BLADE

The Milwaukee wood with nails multi tool blade bi-metal design for long lifetime cuts with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 65mm plunge cut wood with nails multi tool blade with optimised teeth for nail embedded wood. Multi tool blade to be used with a Milwaukee multi tool.

48906038 OMT SL Seg.Blade M 85x20mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Multi material 85mm diameter segmented flush cut blade
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STARLOCK™ multi-tools
- The Milwaukee® STARLOCK™ high carbon steel metal segmented blade is made from premium high carbon steel
- This high carbon steel blade is ideal for cutting thin metal, copper, fibreglass and PVC

- This segment blade shape is ideal for working in corners and on edges without overcut

FOR : WOOD WITH NAILS, CHANNEL, PIPES, PROFILES & PLASTICS

PLUNGE BLADE

The Milwaukee 2.2mm grout removal multi tool blade with carbide grit for cutting slots into abrasive materials with black oxide coating prevents rust and maintains performance. Long lasting laser etching for quick identification of blade and application. 75mm segment cut grout removal multi tool blade with optimised grit for slots into brick, cement, and plaster as well as grout removal. Multi tool blade to be used with a Milwaukee multi tool.

48906051 OMT SL Seg.Blade B TCG 75x2.2mm -1pc

FEATURES:

- STARLOCK universal blade reception makes Milwaukee® blades compatible with the most popular oscillating tools
- Starlock : no components or adaptors required, fast blade changes & 100% power transmission from tool to accessory
- Grout removal 2.2mm carbide grit blade. For removing damaged grout between wall or floor tiles
- The Milwaukee® STARLOCK™ multi-tool blades are designed for quick blade changes for both OIS multi-tools and STAR-LOCK™ multi-tools
- The Milwaukee® wide kerf carbide grit blade is ideal for cutting abrasive materials such as brick, cement, and plaster as well as grout removal

FOR : GROUT

BLADES

The 10 Piece Thin Kerf Sawzall Blade Set is ideal for professional users and DIY enthusiasts alike as the variation of blades means this set is ideal for many applications. This set includes wood cutting blades with increased control greater cutting capacity, 14TPI blades for medium to thick metal cutting and 24TPI blades for thin metal cutting. To make sure these brilliant blades stay organised and are easy to find and store this set comes with a job site durable case.

49222211 SAWZALL™ Blade Set -10pcs

FEATURES:

- Optimised tooth design means that each blade provides precise clean cuts
- The Fang Tips bite into the wood on first contact
- They have a nail guard to protect the teeth from fractures
- Aggressive Tooth Geometry

Set Includes:

- 3 x THIN KERF Metal Blade - 150mm x 14TPI
- 3 x THIN KERF Metal Blade - 150mm x 24TPI
- 2 x THIN KERF Wood With Nails Blade - 150mm x 5TPI
- 1 x THIN KERF Wood With Nails Blade - 230mm x 5TPI
- 1 x THIN KERF Metal Blade - 230mm x 18TPI

VDE CABLE CUTTERS & PLIERS

4932464563

- 4932464563 VDE Cable Cutter 210mm
- 4932464566 VDE Diagonal Cutter 145mm
- 4932464567 VDE Diagonal Cutter 160mm
- 4932464564 VDE Long Round Nose Pliers 205mm
- 4932464574 VDE Water pump plier 240mm
- 4932464575 **VDE 3 Piece Plier Set (3 pc):**

- Diagonal cutter (160 mm), - 4932464567
- Long nose plier (205 mm), - 4932464564
- Combi plier (180 mm) - 4932464572

FEATURES:

- VDE (DIN EN/IEC 60900) certified tools. Tested to 10,000 volts and guaranteed to 1,000 volts. Tested against cold to -40°
- Steel blades are fully forged, hardened and tempered for best durability. Grey titanium surface finish is non reflective and ensures maximum corrosion resistance
- Induction hardened cutting edges to cut even the hardest of materials
- Precision machined joint for maximum power transmission with optimum leverage for easy and effortless work
- Ergonomic grip with softgrip for comfortable handling and good grip

4932464575

7 IN 1 WIRE STRIPPING PLIERS

4932478554 7 in 1 Combination Plier

FEATURES:

- Wire stripper: Strips wire sizes 0.75 mm², 1.0 mm², 1.5 mm², 2.5 mm², 4.0 mm², 6.0 mm²
- Wire cutter: With curved laser hardened cutting edges
- Plier suitable for gripping and bending cables
- Reaming head for smoothing 12 - 25 mm pipe
- Loop maker: Built in loop maker function for wire
- Integrated crimper
- Integrated bolt cutter
- One-handed swing lock: Easy one-handed use and remains locked while in pouch. Spring loaded for easy opening
- Rust protection increases tool life by reducing corrosion

RATCHETING INSULATED TERMINALS CRIMPER

4932499025

FEATURES:

- 3 crimping cavities to crimp multiple size connectors with one tool. Red (0.3 - 1.0mm²), blue (1.5 - 2.5mm²) and yellow (4.0 - 6.0mm²)
- Dual-ratcheting action provides a full, complete crimp that ensures secure connections
- High-contrast color-coded markings provides better visibility
- Quick-release lever for increased productivity
- Ergonomic handle designed with comfort grips that will not peel

MULTI-PURPOSE WIRE STRIPPER WITH CRIMPER

4932493816 Multi-Purpose Wire Stripper with Crimper

FEATURES:

- Wire stripping capacity for 6 sizes from 0.75mm², 1 mm², 1.5mm², 2.5 mm², 4 mm² to 6mm²
- Wire cutter with double-sided laser hardened cutting edges for the best cut
- Bolt cutter for M2.5, M3, M3.5, M4 and M5
- Integrated crimper for insulated and noninsulated terminals
- The cutting and stripping holes are positioned in front of the pivot to easily fit into tight spaces
- Ergonomic handle and spring loaded design for fast, one-handed use
- Rust protection increases tool life by reducing corrosion

CABLE STRIPPER

4932498269 Cable Stripper

FEATURES:

- Increased cable strip capacity for all standard round cables with a diameter of 4 mm to 28 mm
- The adjusting wheel helps to regulate and adjust the cutting depth
- Automatic changeover from round to longitudinal cut
- Integrated hook blade for more versatility. Safety cap on the blade reduces the risk of injury
- Two component handle design for comfortable handling and non-slip.

INSULATED MULTI-BIT SCREWDRIVER

4932493657 Insulated 10 in 1 Multi-Bit Screwdriver Set

FEATURES:

- VDE (DIN EN/IEC 60900) certified tools for added security. Tested to 10,000 volts and guaranteed to 1,000 volts
- Slim shank diameter for easier access to low lying screws
- Compact, soft pouch included for quick and easy bit access
- Laser engraved sizing on the bits for easier identification
- Lanyard hole for easy attachment to the Milwaukee safety range to allow use at heights

TRI-LOBE VDE SCREWDRIVERS

- 4932478738** Tri-Lobe VDE Screwdriver PZ SET - 7pc
- 4932479095** Tri-Lobe VDE Screwdriver 12pc SET
- 4932478714** Tri-Lobe VDE Screwdriver - Slotted 0.6 x 3.5 x 100
- 4932478715** Tri-Lobe VDE Screwdriver - Slotted 0.8 x 4 x 100
- 4932478716** Tri-Lobe VDE Screwdriver - Slotted 1.0 x 5.5 x 125
- 4932478722** Tri-Lobe VDE Screwdriver PH2 x100
- 4932478726** Tri-Lobe VDE Screwdriver PZ2 x100
- 4932478727** Tri-Lobe VDE Screwdriver PZ3 x150

FEATURES:

- VDE tested to 10,000 V and guaranteed to 1,000 V
- Slim shank diameter for access to low lying screw applications
- Comfortable Tri-Lobe handle optimized for maximum user comfort and high torque applications
- Permanent visible ID markings allows for quick tool identification
- Anti role, 3 sided collar on the handle
- Lanyard hole for easy attachment to a safety system

HOLLOWCORE™ NUT DRIVER

4932492370 10 mm HollowCore Nut Driver

FEATURES:

- HOLLOWCORE™ unlimited depth handle for use on long threaded rod while driving and fastening
- 6 point head for better fit on common fasteners
- Wrench ready hex shank for added leverage
- Tri-lobe handle delivers more torque during applications
- Colour coded ID markings allow for quick tool identification on jobsite

BILLET TORPEDO LEVEL

4932459097 Billet Torpedo Level 17cm

FEATURES:

- Amplified rare earth magnets for maximum holding power
- Maximised viewing area. Easily read slope in 1/2" or 1/4" per foot in either direction
- Reinforced acrylic vials offer maximum durability
- Weld clearance. Easily level over weld joints in pipes and other materials
- Optimised V-groove design for stability on non-ferrous pipes
- Laser etched ruled edge for quick measurements on material
- Slim, tapered design for easy sliding in and out of pockets and pouches

MAGNETIC GEN III TAPE MEASURE

4932464599 Magnetic Tape Measure 27 mm x 5 m

FEATURES:

- Strong magnet at start of the tape allows easy hooking onto flat surfaces and round pipe
 - Compact and ergonomic design
 - Improved standout up to 3.4 m
 - Nylon non-reflective bond blade protection, up to 10x more resistant to jobsite damage
 - 27 mm blade with double sided printing on tape for easier readability
 - Patented finger stop: stable when stands alone
 - 5-point reinforced frame for jobsite durability
 - Class II accuracy
- Architect scale provides easy calculating of scaled drawings

MINIBOX HANDY LEVEL

4932459100 Minibox Level 10 cm

FEATURES:

- Lightweight aluminium box profile fits easily into your tool belt or pocket
- Solid acrylic vials. Shockproof and UV resistant vials
- Shockproof end caps
- Accurate to 0.029° (0.0005 "/ in, 0.5 mm/ m) in standard position
- VPA third party certificate on accuracy

SLIM BOX NON-MAGNETIC LEVEL

4932459090 Slim Box Level 40 cm

FEATURES:

- 2 solid acrylic vials. Shockproof and UV resistant
- Precision milled measuring surface up to 120 cm provides maximum accuracy
- Shock absorbing end caps
- Durable hang hole for storage
- VPA third party certificate on accuracy
- Accurate to 0.029° (0.0005 "/ in. 0.5 mm/ m) in standard position

FINE POINT MARKER 1MM BLACK

48223100 INKZALL™ marker black - 1 pc

FEATURES:

- Stays sharp, doesn't mushroom or push back under pressure
- Acrylic nib ideal for rough surfaces such as OSB and concrete
- Marker continues to write after 72+ hours of cap off time
- For use on concrete, wood, metal, plywood, OSB, plastic
- Can be used on wet, oily, dusty, rusty, with debris surfaces
- Quick dry time – reduced smearing markings on PVC, metal surfaces
- Thin body for use in restricted areas
- Helmet clip – can be clipped to the construction site cap, trousers, overalls
- Easy open cap for one hand operation
- Lanyard hole, e.g. to attach the INKZALL™ highlighters to the belt

LIQUID PAINT MARKER - WHITE

48223711 Liquid Paint Marker 155 X 17 X 17 MM - White

FEATURES:

- Valve action marker
- Durable acrylic nib for the most demanding environmental conditions: surface temperature from -10° up to + 145°
- Marks on dark surfaces where traditional markers would not be easily visible
- Can be used on rough, dirty and greasy surfaces
- For use on concrete, black pipe, aluminium, PVC, steel & stainless steel, rubber and tyres
- 10 seconds dry time
- Water and UV resistant markings
- Permanent markers. Markings last up to 6 months
- Metal barrel for construction site durability
- Xylene-free paint.
- **IMPORTANT:** Shake the marker with the cap on. Remove the cap and carefully pump it up and down until ink flows into the nib

FLIP UTILITY C/W BLADE STORAGE KNIFE

4932471358 Fastback knife

FEATURES:

- One handed blade opening. User can flip open the blade with one hand for easy activation
- Integrated gut hook. Allows users to make cuts without exposing the blade
- Tool free blade change. Less down time in the field for blade changes
- Wire stripper. Eliminates the need to look for another tool in user's bag
- Thin body design. Tool is easily stored in user's pocket
- Belt clip for easy storage

GENERAL PURPOSE UTILITY BLADES

48221905 GP utility blades - 5 pcs, 62 x 19mm iron carbide

FEATURES:

- Iron carbide deposited metal for longer lifetime
- Optimised cutting angle geometry for sharpness
- Extra ground cutting edge for cleaner cuts
- Blades are protected and easily accessible from storage box

FASTBACK CAMO FOLDING KNIFE

4932492375 Fastback camo folding knife - 1 pc

FEATURES:

- Camo design
- Stainless steel drop point blade
- Liner lock secures the blade in the open position
- Durable belt clip that reduces pocket tearing
- Lanyard hole for easy attachment to the Milwaukee safety range to allow use at heights

RASPING JAB SAW

4932479783 Rapsing Jabsaw Saw

FEATURES:

- 150 mm plaster / drywall blade: Extra strong thicker blade making it more resistant for plunge cuts
- Coated for corrosion protection
- Built in rasping holes: Allows user to rapidly expand holes or smooth rough edges

BLADE HACKSAW

48220050 Hacksaw 300 mm - 1 pc

FEATURES:

- Tough metal frame, supports higher tension (25,000 PSI / 250 lbs)
- Overmould handle ensures secure grip and user comfort
- Internal blade storage for extra blades
- Supplied with 12" / 24 Tpi blade
- Will accept up to 12" blades

COMPACT HACKSAW

48220012 Compact Hacksaw - 1 pc

FEATURES:

- Tool free blade change for changing blades up to 10x faster
- Compact design, ideal for versatile cutting in tight spaces
- Adjustable blade length for easier flush cutting
- Rubber overmold grip for increased comfort
- Accepts 12" blades
- Supplied with 10" / 24 Tpi blade

HACKSAW REPLACEMENT BLADES

4932493923 Hacksaw Replacement Blades 10 pc

FEATURES:

- Blade 12" long (300mm) with 24 TPI
- Bi-metal construction for increased tooth durability and long blade life
- Cuts angle iron, pipe, brass, small section steel
- Can be used for the hacksaw and compact hacksaw

SAW PCV

48220212 Saw PCV - 1 pc

FEATURES:

- Best-in-class durability
- Tool free blade change: up to 10x faster blade change
- Overmold handle for increased comfort
- Compact design

FISH TAPE

4932472121 Steel Fish Tape 15m

FEATURES:

- High flexibility tape for easier feeding
- Thicker tape for better pushing
- Triple strand design, won't kink
- Low friction case for smooth pay out
- Square inner grip for easier winding

INNER-OUTER DEBURRER

4932493812 Inner-Outer Deburrer 6 - 35 mm

FEATURES:

- 40 hardened and ground cutting edges provides a clean, burr free, installation-ready pipe
- Robust aluminium metal housing delivers highest durability for toughest jobsite condition
- Ridges on the outside for an improved grip, even with gloves
- Increased versatility in reaming all standard pipe materials
- Plastic, cooper, aluminium, steel, iron, brass, stainless steel

STEEL RIP CLAW HAMMER

4932478654 Steel RIP Claw Hammer 20oz / 570g

FEATURES:

- Shockshield grip reduces peak vibration
- Straight/RIP claw for prying and demolition work
- Magnetic nail starter for safer application
- Side nail puller
- I-Beam handle construction resists bending in prying applications
- Precise balance for better handling

CLUB HAMMER

4932498304 0.91 kg / 2 lbs Club Hammer

FEATURES:

- Dual Face Versatility: Milled face provides additional grip and minimizes movement of face when striking chisels or large nails, the smooth face prevents damage to struck objects
- Reinforced Overstrike Protection: Increases durability in the most common failure point
- Fiberglass handle with over molded grip: Provides durability with improved grip capacity and comfort
- Lanyard Hole: Easily comply with safety regulations working at height

HEXAGON KEY

4932480978 Metric Folding Hex Key Set - 8 pc

FEATURES:

- Foldable keys enable easy access & storage solution
- High contrast size callouts for quick and easy identification
- Ergonomic handle provides comfortable and secure grip
- Metal housing for increased durability

BOLD LINE CHALK REEL

4932498391 Bold Line Chalk Reel & Red Chalk Refill

FEATURES:

- 6:1 retraction ratio for fast line retraction to get the job done faster
- Planetary gear system for increased durability
- Flush handle storage prevents handle movement when not in use
- Line width of 1.5mm for clear visibility and 30m line length
- Rubber overmold on the housing for improved grip and to protect from toughest jobsite conditions

ELECTRICIANS SCISSORS

4932478620 Electricians Scissors

FEATURES:

- Cable cutting groove for greater leverage
- Rounded groove allows for easy wire stripping
- Cable crimper for crimps up to 6 mm
- Adjustable tightening screw allows to set desired resistance
- Tool holder with belt strap for easy storage

M18 FUEL™ PERCUSSION DRILL

4933479861 M18 FPD3-502X -
Combo Drill Kit

FEATURES:

- Higher power efficiency under load with outstanding torque of 158 Nm
- Extremely compact design of 175 mm length for access into tight spaces
- AUTOSTOP™ control mode offers enhanced safety for the operator by preventing over-rotation in a bind-up
- 13 mm metal chuck for quick bit changes and bit retention
- Fastest drilling and driving applications under load
- Brighter LED workspace illumination
- Fuel gauge displays remaining charge
- All metal reversible belt clip to hang your tool quickly and easily
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 FUEL™ POWER PACK

4933480876 M18 FPP2A3-502X - Twin Pack Kit

Breakdown:

- 1x - M18FPD3 - M18 FUEL percussion drill
- 1x - M18FID3 - M18 FUEL 1/4" hex impact driver
- 2x - M18B5 - M18 5.0Ah Lithium-Ion batteries
- 1x - M12-18FC - M12-18 rapid charger
- 1x - HD Box

M18 FUEL™ PERCUSSION DRILL

4933498060 Percussion Drill

FEATURES:

- POWERSTATE Brushless Motor: Delivers exceptional power, efficiency, and longer motor life
- REDLINK PLUS Intelligence: Provides advanced overload protection and enhances the tool's performance under load
- 158 Nm of Torque: Offers exceptional power for tackling tough drilling and driving tasks
- 13 mm Metal Chuck: Ensures secure bit retention and quick bit changes
- Compact Design: With a length of only 175 mm, it allows for greater access in tight spaces
- AUTOSTOP Control Mode: Enhances user safety by preventing over-rotation in a bind-up situation
- Two-Speed Gearbox: Optimises drilling speed for different applications
- Brighter LED Workspace Illumination: Improves visibility in low-light conditions
- Flexible Battery System: Compatible with all MILWAUKEE M18 batteries

Breakdown:

- 1 x Milwaukee M18 FPD3-0 18V FUEL Percussion Drill
- 1 x Belt clip
- 1 x Side handle
- Voltage: 18v
- Type: Brushless

M18 FUEL™ 1/4" HEX IMPACT DRIVER

4933498061 M18 FID3-0 Impact Driver

FEATURES:

- Higher power efficiency under load with outstanding torque of 226 Nm
- Faster driving speed vs. previous model, up to 3900 rpm and 4400 ipm
- Extremely compact design, total length of just 113 mm for access into tight spaces
- DRIVE CONTROL allows the user to shift into four different speed and torque settings to maximise application versatility
- Mode 1 for precision work
- Mode 2 helps prevent damage to fasteners and material
- Mode 3 delivers maximum performance for the toughest applications
- Mode 4 is the optimum between precision work and maximum performance and automatically adjusts speed, impacts and torque
- Individual battery cell monitoring optimises tool run time and ensures long term pack durability
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 FUEL™ 115 MM VARIABLE SPEED & BRAKING ANGLE GRINDER WITH PADDLE SWITCH

4933478774 M18
FSAGV115XPDB-0

FEATURES:

- Maximum control for every application - 5-step speed dial ideal for working with stainless steel and aluminum & for rust and paint removal
- Delivering corded performance similar to a 1200 W grinder
- RAPIDSTOP™ for fastest disc brake in less than 2 seconds and best user protection
- Non-lockable safety paddle switch with line-lock-out function to prevent automatic start up
- Anti-vibration side handle for lower vibration
- Integrated FIXTEC™ system for tool-free wheel change
- Slim handle design
- Removable dust screen to prevent debris entrance, prolonging motor life
- 115 mm keyless guard for great cutting capacity and fast guard adjustment without using a key
- Integrates three MILWAUKEE®-exclusive technologies - the POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ intelligence hardware and software - which deliver outstanding power, run time and durability on the jobsite
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 BRUSHLESS 115 MM ANGLE GRINDER WITH PADDLE SWITCH

4933492647 M18
BLSAG115XPD-402X

FEATURES:

- 11,000 RPM optimised for cutting applications
- Powerful brushless motor delivering corded performance similar to a 800 W grinder
- Most compact and lightest cordless angle grinder in the range
- Safety clutch protects user from kickback injuries
- Integrated FIXTEC™ system for tool-free wheel change
- Non-lockable safety paddle switch with line-lock-out function to prevent automatic start up
- 115 mm keyless guard with cutting guard clip for fast guard adjustment without using a key
- Integrated dust screen to prevent debris entrance, prolonging motor life
- Slim handle design
- Brushless motor, REDLITHIUM™ battery pack and REDLINK™ electronic deliver power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 FUEL™ 4-MODE 26 MM SDS-PLUS HAMMER

4933478499 M18 FH-0

FEATURES:

- The fastest drilling rotary hammer in its class leading to increased productivity
- Powerful hammer mechanism delivers 2.5 J of impact energy
- Drills up to 125 Ø 10 x 50 mm holes on a M18™ HIGH OUTPUT™ 5.5 Ah battery charge
- AUTOSTOP™ shuts down the tool to protect the user of sharp movement in bind up situations
 - All metal gear case - optimum seating of the gears for enhanced tool life
- 4-mode operation: rotary hammer, hammer only, rotation only and selectable work position of the chisel (variolock) for maximum versatility
- Compatible with M18 FCDDEXL or M18 FDDEXL dust extractors
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability

M18 FUEL™ HACKZALL™

4933498064 M18 FHZ-0 - Hack Saw

FEATURES:

- With a 22 mm stroke length for controlled cutting wand a no load stroke rate of 3000 spm
- Patented FIXTEC™ clamp for quick and efficient blade change
- Pivoting shoe allows the user to optimise his cutting position
- Built in LED light improves visibility in low light cutting applications
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 FUEL™ COMPACT CIRCULAR SAW

4933493587 M18
FCS552-0

FEATURES:

- The M18 FUEL™ circular saw delivers the power to rip cut at the same feed rate of an equivalent AC circular saw, with the ability to cut 200 pieces of 90 mm x 35 mm pine stud on one 3.0 Ah HIGH OUTPUT™ battery as its optimised for HIGH OUTPUT™ technology
- Magnesium shoe reduces weight and maximises durability
- Durable metal rafter hang hook for work space management and safety
- 165 mm blade which gives a 57 mm depth of cut, enabling the saw to cut through a stack of 3x 18 mm OSB boards
- Kitted with our DEK26 vacuum adaptor which will fit directly to all MILWAUKEE® dust extractors
- Integrated LED light for workspace illumination
- Integrated dust blower keeps cut line clear
- Up to 50° bevel capacity
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18 FUEL™ TOP HANDLE JIGSAW

4933499153 M18 FJS-0

FEATURES:

- Dust blower keeps the cut line free of wood dust
- Keyless bevel facility on the base plate allows for adjustment between 0 - 45°
- Patented FIXTEC™ blade clamp for fast and easy blade change
- 5 stage pendulum action for increased cutting performance
- Brushless POWERSTATE™ motor for fast cutting, long tool life and up to 32m in 19mm OSB (on a 5.0 Ah pack)
- Integrated LED light for workspace illumination
- Detachable soft shoe avoids marks and scratches when cutting soft materials
- The DNA of our FUEL™ platform redefines the balance of cordless technologies. MILWAUKEE®'s POWERSTATE™ brushless motor, REDLITHIUM™ battery pack and REDLINK PLUS™ electronic intelligence delivering outstanding power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18™ JOBSITE RADIO DAB+

4933492345 M18
RADDAB+G2-0

FEATURES:

- High performance audio system - DAB+/ FM tuner with digital processor delivers high reception accuracy and signal clarity
- Digital Bluetooth® receiver, plays music up to 36 m away from your smartphone, computer or tablet
- Integrated handles and on board storage allow for easy transport and storage for phones
- Dual 8.89 cm woofers provide balanced & clear sound
- Dual high range tweeters deliver crisp highs
- Customisable equalizer for enhanced sound quality and 18-station preset
- Shock absorbing end caps and metal speaker grills protect from drops, water and debris on the jobsite
- Protected USB-C power outlet charges electronic devices in both AC and DC mode
- Powered by MILWAUKEE® M18™ batteries or AC outlet
- Up to 13 hours of run time with an M18™ REDLITHIUM™ 5.0 Ah battery pack

M18™ WET/ DRY VACUUM

4933464029 M18 VC2-0

FEATURES:

- Powerful 18 V motor with a maximum air flow of 1300 l/min/ 80 bar provides excellent suction power for both wet and dry clean up applications
- HEPA filter will collect 99.97% of airborne particles down to 0.03 microns for fine dust collection
- Up to 30 minutes run time with M18™ HIGH OUTPUT™ 5.5 Ah battery pack
- Internal accessory and hose storage allows all attachments to be carried with the tool avoiding loss of equipment
- DEK 26 compatible allows the vacuum to be easily connected to a power tool
- Stackable tool box design for added portability and easier storage
- On board blower for moving debris away from the work area
- Waterproof switch prevents switch damage over the life time of the tool
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M18™ MULTI-TOOL

4933446203 M18 BMT-0

FEATURES:

- Unique cutting depth stop adaptor to prevent over-cutting in material
- Productivity enhancing FIXTEC™ tool free blade change with universal blade change adaptor included to accept all competitor blades
- 12 variable speed settings from 12,000 - 18,000 orbits per minute and 3.4° oscillation movement allows quick completion of professional applications into materials such as metal, wood and plastic
- Up to 50% faster and versatile cordless solution for cutting and removal applications with corded performance
- Unique dust extraction kit to keep the work space dust-free when connected to an AC or DC extraction system
- Brightest LED workspace illumination
- Premium 4-pole brushed motor, REDLITHIUM™ battery pack and REDLINK™ electronic delivering the needed power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M18™ batteries

M12™ - M18™ FAST CHARGER

4932451080 M12-18 FC

FEATURES:

- Recharges all M18™, M14™ and M12™ REDLITHIUM™ battery packs
- Recharges in sequence - first in, first to charge - resulting in less time needed to manage charging cycles
- M12™ REDLITHIUM™ 2.0 Ah / 3.0 Ah / 4.0 Ah / 6.0 Ah battery packs recharge in 26 min / 50 min / 52 min / 95 min or less
- M18™ REDLITHIUM™ 2.0 Ah / 4.0 Ah / 5.0 Ah battery packs recharge in 26 min / 52 min / 59 min or less

4932430483 M18 B5

FEATURES:

- Delivers up to 2.5x more run time, up to 20% more power and up to 2x more battery life compared with other Lithium-Ion technologies and / or with previous MILWAUKEE® battery technology. (Results depend on tool and application)
- REDLITHIUM™ protection with REDLINK™ digital overload protection to prevent users from damaging their cordless power tool investment in abusive situations

M18™ 5.0 AH BATTERY

- Individual cell monitoring ensures optimal charge and discharge for maximum life
- Durable metal frame battery construction with shock responsive separators preventing pack failure from excessive vibrations or drops
- Water protection routes water away from the electronics & out of the battery pack
- Can be used in extreme temperatures down to -20 °C without compromising on runtime and battery life
- On-board battery fuel gauge helps the user to maximize his battery run-time efficiency

M18™ FORGET™ 6.0 AH BATTERY

4932492533 M18 FB6

FEATURES:

- Delivers HIGH OUTPUT™ 12.0 Ah power in a smaller size and lighter weight
- 15 min super charge to 80% with the M18™ dual bay super charger
- Longest life for the most recharges and best performance over the life of the pack
- REDLITHIUM™ FORGET™ provides the most powerful, fastest charging, and longest life batteries within REDLITHIUM™
- Best protection from jobsite, weather, and environmental conditions
- Resistant housing designed to provide increased protection against common oils, solvents, and greases
- REDLINK™ intelligence, our battery circuitry provides optimised performance and overload protection using total system communication between tool, battery and charger
- Compatible with all M18™ tools in the range
- Enhanced onboard fuel gauge with readability in direct sunlight

M18™ FORGET™ 8.0 AH BATTERY

4932492131 M18 FB8

- Delivers HIGH OUTPUT™ 12.0 Ah power while being 30% smaller size and 20% lighter
- 35 minutes super charge to 80% with M18™ dual bay super charger, 45 minutes for full charge
- COOL-CYCLE™: Active cooling system is capable of providing high-speed cooling for less downtime
- REDLITHIUM™ FORGET™ provides the most power, fastest charging, and longest life batteries within REDLITHIUM™
 - Longest life for the most recharges and best performance over the life of the pack, with the best protection from jobsite, weather, and environmental conditions
- Increased run time in high demand applications
- Resistant housing designed to provide increased protection against oils, solvents, and greases
- Enhanced onboard fuel gauge with readability in direct sunlight
- REDLINK™ intelligence: Our battery circuitry provides optimized performance and overload protection using total system communication between tool, battery and charger
- Compatible with all M18™ tools in the range

STAPLER

4933480488 M12™ sub compact cable stapler

FEATURES:

- The new battery powered cable stapler is twice as fast than manual staple installation. It eliminates majority of hand stapling of low voltage cable into wood
- Moveable cable guides ensure proper alignment over cable prior to fastening over a variety of cable sizes
- The compact, lightweight design provides users with access to tight stud bays and improved ergonomics when stapling overhead or during hard to reach applications
- Dry-Fire lockout stops the tool being fired when there are no staples left in the magazine
- Power to drive 25 mm staples adequately into range of framing materials
- Large magazine capacity holding 45 staples for less down time reloading
- LED work light allows users to perform applications in low light environments
- Fires up to 1200 staples per charge on a REDLITHIUM™ 2.0 Ah battery
- Reversible belt hook allows users to choose which side of the stapler they want the belt hook
- Premium 4-pole brushed motor, REDLITHIUM™ battery pack and REDLINK™ electronic delivering the needed power, run time and durability
- Flexible battery system: works with all MILWAUKEE® M12™ batteries

M12™ 4.0 AH BATTERY

4932430065 M12 B4 Lithium-Ion Battery 4Ah 12V

FEATURES:

- Delivers up to 2x more run time, up to 20% more power and up to 2x more battery life compared with other Lithium-Ion technologies and/or with previous MILWAUKEE® battery technology (Results depend on tool and application)
- REDLITHIUM™ protection with REDLINK™ digital overload protection to prevent users from damaging their cordless power tool investment in abusive situations
- Individual cell monitoring ensures optimal charge and discharge for maximum life
- Integrated welded frame battery construction with shock responsive separators preventing pack failure from excessive vibrations or drops
- Can be used in extreme temperatures down to -20 °C without compromising on runtime and battery life

CABLE STAPLES

4932479628 Cable Staples 25mm - P60

FEATURES:

- Cable staples for the Milwaukee M12 BCST
- 19mm wide 25mm longstaples for fixing all types of electrical/ data cable to wooden joists / structures. Not suitable for fixing to concrete
- Flat top staple with a plastic bridge on the inside. The plastic bridge ensures cables will not be damaged or cut when fixed
- Suitable only for internal use

M12™ CHARGER

4932352069 M12 for Li-ion Batteries Charger

FEATURES:

- Temperature protection electronics optimises the charger rate in extreme temperatures to extend battery life
- Encapsulated circuit board protects the electronics from dust, moisture and impact
- Progressive charge indication: battery LED's light up incrementally to give feedback on current charge level of battery pack
- REDLITHIUM™ 3.0 Ah / 4.0 Ah battery packs recharge in 60 min / 80 min or less
- REDLITHIUM™ 1.5 Ah / 2.0 Ah battery packs recharge in 30 min / 40 min or less

PACKOUT™ DRAWER TOOL BOXES

4932472129 Packout 2 Drawer Tool Box
4932472130 Packout 3 Drawer Tool Box

FEATURES:

- Easy access to stored items, even with other PACKOUT™ boxes stacked on top
- Steel ball bearing slides support up to 11 kg of weight per drawer
- Quick-Adjust Dividers in each drawer to fully customise the layout for better organisation
- Locking security bar prevents an unwanted opening of drawers during transit
- Allows to lock the drawers with a padlock for theft protection
- Constructed with impact resistant polymers and metal reinforced corners for jobsite durability
- Part of the PACKOUT™ modular storage system

PACKOUT™ TROLLEY BOX

4932493189 Packout 4 Drawer Tool Box

FEATURES:

- Easy access to stored items, even with other PACKOUT™ boxes stacked on top
- Steel ball bearing slides support up to 11 kg of weight per drawer
- Quick-Adjust Dividers in each drawer to fully customise the layout for better organisation
- Locking security bar prevents an unwanted opening of drawers during transit
- Allows to lock the drawers with a padlock for theft protection
- Constructed with impact resistant polymers and metal reinforced corners for jobsite durability
- Part of the PACKOUT™ modular storage system

PACKOUT™ ORGANISER

4932464082 Packout Organiser
4932471064 Packout Slim Organiser

FEATURES:

- Part of the PACKOUT™ modular storage system
- Constructed with impact resistant polymers for jobsite durability
- The interior features 10 removable & mountable bins that can be mounted onto common jobsite materials for easy access
- IP65 rated weather seal to keep out rain and jobsite debris
- No-travel bins seals to prevent the bins contents from migrating between bins during transport

PACKOUT™ TROLLEY BOX

4932464078 Trolley Box - Storage

FEATURES:

- Part of the PACKOUT™ modular storage system
- Constructed with impact resistant polymers for jobsite durability
- 113 kg weight capacity
- Industrial grade extension handle.
- Oversized ø 228 mm all terrain wheels
- IP65 rated weather seal to keep out rain and jobsite debris
- Metal reinforced corners
- Metal reinforced locking point
- Interior organiser tray
- Mounting location for the ONE-KEY™ TICK™

PACKOUT™ FIRST AID KIT

4932479638 Packout First Aid Kit BS 8599

FEATURES:

- Quickly identifiable during an emergency due to red coloured PACK-OUT™ Compact Organiser
- Part of the PACKOUT™ modular storage system
- Constructed with impact resistant polymers for jobsite durability
- IP65 rated weather seal to keep out rain and jobsite debris
- The interior features 5 removable & mountable bins
- No-travel bins seals to prevent the bins contents from migrating between bins during transport
- BS 8599-1 compliant first aid kit
- Contents: 2x HSE medium dressing 12 X 12 cm; 2x HSE large dressing 18 X 18 cm; 2x Non-woven tri-bandage 90 x 90 x 127 cm; 2x HSE eye pad; 2x Fabric assorted plasters env 20; 20x Saline cleansing wipes – box 100; 1x Tape 2.5 cm X 10 m roll; 6x Nitrile gloves powder free large pair; 1x CPR Face shield; 1x Emergency foil blanket silver/silver 140 x 210 cm; 1x Sterile gel dressing 10 x 10 cm; 1x Scissors 7.5" X 190 mm; 1x Bandage 7.5 cm X 4 m; 2x Finger dressing

PACKOUT™ BOTTLE WITH HAND TOOL SET (5 PIECES)

4932499152

INCLUDED:

- Packout Bottle with Chug Lid Red 1065ml
- 4-in-1 Precision Multi-Bit Pocket Screwdriver
- Tinted Safety Glasses
- 3M 16mm Slim Tape Measure
- Inkzall Marker - Black

PACKOUT™ TOTE TOOLBAG

4932464086 50 cm Tote Toolbag

FEATURES:

- Part of the PACKOUT™ modular storage system
- 1680 ballistic material construction
- Impact resistant molded base
- All metal hardware
- Durable overmolded handle

PACKOUT™ PRO TOTE TOOLBAG

4932493622 Packout 25 cm Pro Tote Toolbag

FEATURES:

- Highest durability due to 1680D and 1800D ballistic material
- Layering of fabrics increase the durability and performance
- Reinforced edges, metal rings and springs for longest lifetime
- 22.7 kg weight capacity
- Numerous pockets for best organisation of tools
- Shoulder strap and ergonomic carry handle
- Holder for duct tapes for easy access
- Molded PACKOUT™ base protects against humidity and debris
- Part of the PACKOUT™ modular storage system
- Available sizes: 28cm, 35cm

- 1 Handle
- 1 Adjuster
- 3 Blades
- 1 Certificate of Calibration

SDSBSET002

KIT CONTAINS:

- 1 Handle
- 1 T-Handle
- 6 Blades

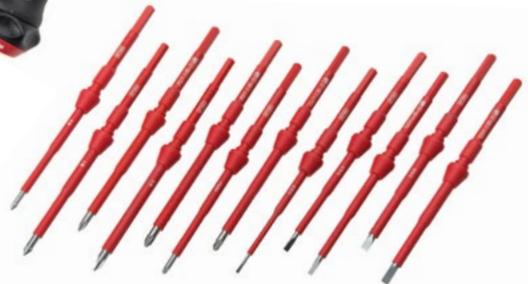

The Switch-Blade range is the ultimate Interchangeable VDE Screwdriving Range. Designed for convenience and flexibility, the range features 3 VDE handles and 12 VDE blades which can be interchanged to provide 36 different drive options. The fully safety assured range is VDE rated, with all tools being tested up to 10,000V in a water bath to ensure user protection. Plus, the high quality handles are designed with a soft-grip finish for added user comfort.

SDHTHA001

MCB & RCD connections should be tightened to the required torque recommended by the manufacturer in accordance with BS7671:2008.

CORE MAGNETIC FLASHLIGHT

Batteries
See page 205

- Type: LED hand torch and work light
- Lumen Output: Up to 400 lumens
- Operating Modes: Top Light / Work Light (High & Low) / Red Flash
- LED: 1 x white LED / COB LED
- Batteries Required: 3 x AA alkaline (not included)
- Run-time: Up to 9 hours (High)
- Diameter: 2 mm
- Body Colour: Black
- Material: Anodised aircraft grade aluminium
- Switch Type: Push button
- Impact Resistance: 1.5 m
- Overall Length: 195 mm
- Weight: 124g (excluding batteries)

CL400 Core Magnetic Flashlight 400 Lumens

CORE RECHARGEABLE WORK LAMP

The Core Rechargeable Work Lamp illuminates a wide area with up to 1150 lumens of light with high and low power modes. It's lightweight, portable, and can stand, hang, or be mounted in a huge array of locations providing essential illumination for up to 5 hours per charge. Furthermore, it features a battery life indicator and can even be used to charge other devices such as a mobile phone via its USB out socket.

Dimensions: 17x12cm

CLW1150 Core Rechargeable Work Lamp 1150 Lumens

KRP1 - WALL MOUNTED SWIVEL BRACKET

Suitable for use with 10W LED, 150/500W halogen floodlight.

- Swivel allows rotation to position light where needed
- Wall mounted
- Steel construction
- Zinc plated
- Fixings provided
- Max loading weight 1kg
- 3 Year warranty

KRP1 Wall Mounted Swivel Bracket

KRP2 - TWIN WALL MOUNTED SWIVEL BRACKET

Suitable for use with 2 x 10W LED, 150/500W halogen floodlights.

- Swivel allows rotation to position light where needed
- Wall mounted
- Steel construction
- Zinc plated
- Fixings provided
- Max loading weight 2 x 2kg
- 3 Year warranty

KRP2 Twin Wall Mounted Swivel Bracket

KRP3 - WALL MOUNTED SWIVEL BRACKET

Suitable for use with 50W - 150W LED floodlights, 70 - 400W Son fitting.

- Swivel allows rotation to position light where needed
- Wall mounted
- Steel construction
- Black powder coated
- Fixings provided
- Max loading weight 10kg
- 3 Year warranty

KRP3 Wall Mounted Swivel Bracket

KRP5 - CORNER MOUNTED BRACKET

10/20W LED, 150/500W halogen floodlight, 100W bulkhead, PIR sensor.

- Enables floodlight to be fitted on a corner
- Can be used to fit 2 x floodlights on a corner (mount a KRP2 onto KRP5)
- Corner mounted
- Steel construction
- Zinc plated
- Fixings provided
- Max loading weight 2kg / 2 x 1kg when used with a KRP2
- 3 Year Warranty

METAL & WOOD FIXINGS

METAL

Specifically designed for electricians.

Faster joining of cable tray, cable trunking, trunking lids etc., armoured cable cleats, mounting din rail and accessories in control panels, speedy fixing of earth tags to galvanised trunking/boxes.

- For steel up to 2.5mm thick (CSK up to 3mm, HD-3.5mm)
- No pre-drilling required
- No nuts, bolts, spanners etc.
- No changing drill/drive bits
- Can be removed and reused
- Unique wafer head – will not snag or chafe cables

- OBX-STD-4.8X16** Metal
OBX-HD-5.5X20 Heavy Duty for Metal
OBX-HD-5.5X40 Heavy Duty for Metal
DS-CSK-4.2X38 Mini Head for Metal
DS-PAN-4.2X13 Mini Head for Metal

WOOD

- High Quality wood screws with low profile head
- Twin thread for fast installation
- Extra sharp point for optimum driveability

- OBX-TFX-4.8X25** Wood
OBX-TFX-4.8X35 Wood
OBX-TFX-4.8X50 Wood

METAL TO WOOD SCREWS

- Direct fixing PVC and thin steel (up to 1.5mm) to wood
- Self drilling
- High quality wood screws with low profile head
- Extra sharp point for optimum driveability

- OBX-GP-4.8X35** Metal to Wood

POINT CAP

- Caps off screw point
- Protects cables from sharp points

- OBX-POINTCAP** Point Cap

SELECTION PACK

A comprehensive selection pack containing a range of low profile head metal and multi-wood screws - all packed in a robust plastic case, also includes countersunk and pan head self drilling screws together with the Orbix point caps.

- OBX-SCT-PK** Mixed Box

COTSWOLD FASTENERS - TRAY BOLTS

DELIGO

THE NEXT GENERATION OF ROOFING BOLT

The TRAYBOLT supersedes the roofing bolt and square nut historically used by contractors in many applications but specifically for the M&E industry for bolting cable tray together.

- 8 times faster when used with a power tool
- Cost effective, dual purpose combi drive bolt with integral PZ2 and slotted head
- Serrated flange hex nut providing double the grip with socket or ring spanner tightness
- Far superior product to the old fashioned roofing bolts

- ISTB612** 12mm Tray Bolt c/w Serrated Flange Nut - Zinc Plated
ISTB620 20mm Tray Bolt c/w Serrated Flange Nut - Zinc Plated
ISTB625 25mm Tray Bolt c/w Serrated Flange Nut - Zinc Plated

XXL MULTI-USE CLOTHWIPES

UltraGrime Multi-Use Pro are the biggest and best wipes you can buy. Use these dirt eating wipes all day, every day on your hands, tools and many other surfaces, including fabric and upholstery.

Features and Benefits

- Removes grease, silicon, adhesives, paint and uncured PU foam
- Strong and soft microfibre wipes
- Safe to use on all surfaces
- Dispense design releases one wipe at a time
- Remains wet for over an hour
- Recyclable packaging
- Alcohol free non drying wipes with aloe vera extract and vitamin E
- Contains antibacterial agents

5900 UltraGrime Pro Bio Clothwipes (Pack of 100)

XXL POWER SCRUB CLOTHWIPES

UltraGrime Power Scrub Pro are perfect for cleaning and removing any paint, uncured PU foam, silicon, adhesives and grease. Great for people in the trade industry.

Features and Benefits

- Great for all surface types
- Dispense design releases one wipe at a time
- Removes silicones, paint, adhesives, uncured PU foam and grease
- Remains wet for over an hour
- Alcohol free and safe ingredients such as: Vitamin E and Aloe Extract
- Able to use on all types of surfaces

5920 UltraGrime Pro Power Scrub Clothwipes (Pack of 80)

XXL ANTI-BAC CLOTHWIPES

UltraGrime Multi-use Biodegradable Pro contain no plastics and are made from plant-based fibres for an environmentally friendly solution.

Features and Benefits

- Strong, non-drying, biodegradable wipes
- Can be used on all surfaces
- Dispense design releases one wipe at a time
- Remains wet for over an hour
- Alcohol free with vitamin E and aloe extract, gentle ingredients for the skin
- Removes adhesives, silicones, uncured PU foam, paint and grease

Typical Applications

- Plumbers
- Builders
- Flooring fitters
- Electricians

5940 UltraGrime Pro Bio Clothwipes (Pack of 100)

XXL ANTI-BAC CLOTHWIPES

UltraGrime Anti-Bac Pro deliver professional grade cleaning and disinfection to any application.

Features and Benefits

- XXL+ clothwipes for ample coverage
- Kills 99.999% of bacteria and viruses
- Effective against Norovirus and Influenza A
- Combats SARS-CoV-2 and coronaviruses
- Fast-acting disinfectant formula
- Perfect for challenging environments
- Leaves surfaces safe and grime-free
- Convenient pack of 100 wipes
- Durable design for tough cleaning tasks
- Easy-to-use, ready-to-go wipes

FULLY COATED

- Ideal for: cement mixing, automotive, assembly
- Available sizes: Small (1) Medium (2) Large (3) Extra Large (4)

SHOR377P Fully Coated Wet Grip Gloves

381 BREATHABLE MICROFIBRE GLOVES

MOISTURE EVACUATION SYSTEM

- Ideal for: high abrasion resistance, dexterity, and finger sensitivity whilst performing assembly tasks in greasy or dry conditions
- Available sizes: Small (1) Medium (2) Large (3) Extra Large (4)

SHOR381P Breathable Microfibre Gloves

Name	101Q
Manufacturer	Pop Up Pro
Type	Push Around
Power	Electric
Platform Height	3.0m
Working Height	5.00m (stowed)
Working Reach	0.00m
Platform Dimensions	1.20 x 0.70m
Extended Platform	N/A
Safe Working Load	240kg
Lift Cycles	132
Handrails Lowered	N/A
Closed Dimensions	1.70 x 0.70m
Machine Weight	370kg

Push Arouds

Name	32/19
Manufacturer	SkyJack
Type	Scissor Lifts
Power	Electric
Platform Height	5.75m
Working Height	7.62m (stowed)
Platform Dimensions	1.63 x 0.66m
Extended Platform	2.54 x 0.66m
Safe Working Load	227kg
Lift Cycles	132
Handrails Lowered	1.64m
Closed Dimensions	1.80 x 0.80m
Machine Weight	1312kg

Name	32/26

IP RATINGS

IP **4** **5**

The IP ratings system states the degree or protection provided by an enclosure against solid objects or water ingress. Table 1 shows degrees of protection against solid objects, and table 2 shows degrees of protection against water.

TABLE 1: Protection against SOLID OBJECTS (First digit)

HIGH	6	Dust tight. No ingress possible from dust.
	5	Dust protected. Prevents ingress of dust
	4	Protection against solid objects greater than 1.0mm
	3	Protection against solid objects greater than 2.5mm
	2	Protection against solid objects greater than 12.5mm
	1	Protection against solid objects greater than 50mm
LOW	0	No protection

TABLE 2: Protection against WATER (Second digit)

HIGH	8	Protection against effects of continuous water immersion
	7	Protection against effects of temporary water immersion
	6	Protection against powerful jets of water, preventing ingress
	5	Protection against jets of water from any direction
	4	Protection against splashing water from any direction
	3	Protection against spraying water tilted up to 60°
	2	Protection against dripping water tilted up to 15°
	1	Protection against dripping water
LOW	0	No protection
